

on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 95-502, MM Docket 93-215 and CS Docket 94-28, in which requirements for cable operators for allocating to service cost categories, as set forth in 76.924(e), were modified and adopted on a permanent basis. 76.924(e) now permits cable operators to allocate service costs to three service cost categories, instead of up to seven service cost categories. The third service cost category will simply serve as an "all other" service costs category that captures what operators previously had to allocate to multiple categories.

#### **SUPPLEMENTARY INFORMATION:**

**OMB Number:** 3060-0110.

**Title:** Application for Renewal of License for AM, FM, TV Translator or LPTV Station (FCC Form 303-S).

**Form Number:** FCC 303-S.

**Respondents:** Business or other for-profit.

**Type of Review:** Revision of an existing collection.

**Number of Respondents:** 4658.

**Estimated time per response:** 2 - 5.5 hours.

**Total annual burden:** 6230.

**Needs and Uses:** On February 8, 1996, President Clinton signed into law the Telecommunications Act of 1996. Section 204 of this Act directs the Commission to collect new information from commercial and noncommercial television station licensees filing their renewal applications after May 1, 1995. These renewal applicants must submit an Exhibit summarizing the written comments and suggestions received from the public that "comment on the applicant's programming, if any, and that are characterized by the commentator as constituting violent programming." Until the FCC 303-S is revised, the Commission will use a supplement to solicit the required information. FCC Form 303-S is used in applying for renewal of license for a commercial or noncommercial AM, FM or TV broadcast station and FM translator, TV

translator or Low Power TV broadcast stations. It can also be used in seeking the joint renewal of licenses for an FM or TV translator station and its co-owned primary FM, TV or LPTV station. The data is used by FCC staff to assure that the necessary reports connected with the renewal application have been filed and that licensee continues to meet basic statutory requirements to remain a licensee of a broadcast station. The data collected with respect to violent programming will be used by the Commission in determining what, if any, changes in the Commission's policies and regulations are required.
