Tennessee states that it is filing the proposed changes to eliminate its current Umbrella Service because its Supply Aggregation (SA) service, which was implemented for all shippers as of January 1, 1996 in Docket No. RP95-206, provides all of the services heretofore provided by the Umbrella Service. Thus, Tennessee states that the Umbrella Service is duplicative of SA Service and is no longer necessary.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Georgia Power Company; Notice of Availability of Final Environmental Assessment

March 19, 1996.

By letter to the Commission dated November 19, 1993, Georgia Power Company proposed to prepare and file an environmental assessment with their license application for the Sinclair Hydroelectric Project, as provided for by the Energy Policy Act of 1992.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the applicant prepared environmental assessment and application for major license for the existing Sinclair Hydroelectric Project, located on the Oconee River, Baldwin County, Georgia, and has prepared a Final Environmental

Assessment (FEA) for the project. In the FEA, the Commission's staff has analyzed the potential environmental impacts of the existing project and has concluded that approval of the project, with appropriate mitigation measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the FEA are available for review in the Public Reference Branch, Room 2-A, of the Commission's offices at 888 First Street NE., Washington, DC 20426.

Notice of Amendment of License

March 20, 1996.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. Type of Application: Amendment of license.
- b. Project No: 2365-011.
- c. Date Filed: March 6, 1996.
- d. Applicant: Madison Paper Industries.
- e. Name of Project: Anson.
- f. Location: On the Kennebec River, in the Towns of Anson and Madison, Somerset County, Maine.
- g. Filed Pursuant to: Federal Power Act, 16 U.S.C. 791(a)-825(r).
- h. Applicant Contact: Michael Kurman, Esq., Arent, Fox, Kintner, Plotkin & Kahn, 1050 Connecticut Avenue NW., Washington, DC 20036-5339, Tel: (202) 857-6345.

i. FERC Contact: Mohamad Fayyad, (202) 219-2665.

j. Comment Date: April 22, 1996.

k. Description of Amendment: Licensee proposes to reconfigure the permanent crest of the dam, raising the elevation from 241.67 feet to 242.62 feet (except for a 50-foot section which will be lowered to 242.62 feet) in order to install an inflatable flashboard system. The inflatable flashboard system would replace the existing wooden flashboards and would increase the normal headpond elevation by 1.5 feet. The change in headpond elevation would extend the upstream limit of the impoundment about 2,000 feet further up the Kennebec River and 400 feet up the Carrabassett River, and will increase the impoundment's surface area by about 80 acres.

1. This notice also consists of the following standard paragraphs: B, C1, and D2.

B. Comments, Protests, or Motions to Intervene—Anyone may submit

comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C1. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5446-5]

Notice of Renewal of the Environmental Financial Advisory Board (EFAB)

The Environmental Protection Agency's (EPA) Environmental Financial Advisory Board (EFAB) has been renewed for a two-year period, as a necessary committee which is in the public interest, in accordance with the provisions of the Federal Advisory

Committee Act (FACA). The purpose of EFAB is provided authoritative analysis and advice to the EPA Administrator regarding environmental finance issues to assist EPA in carrying out its environmental mandates. EFAB will strive to increase the total investment in environmental protection by facilitating greater leverage of public and private environmental resources to help ease the environmental financing challenge facing our nation.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collections Submitted to OMB for Review and Approval

March 18, 1996.

SUMMARY: The Federal Communications, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before April 24, 1996. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Dorothy Conway, Federal Communications, Room 234, 1919 M St., N.W., Washington, DC 20554 or via internet to dconwayfcc.gov and Timothy Fain, OM Desk Officer, 10236 NEOB 725 17th Street, N.W., Washington, DC 20503 or fain-t@al.eop.gov.

FOR FURTHER INFORMATION CONTACT:

For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 3060-0444.

Title: 220 and 800 MHZ Construction Letter.

Form No.: 800A.

Type of Review: Revision of currently approved collection.

Respondents: Business or other-for-profit; individuals or households.

Number of Respondents: 11,500.

Estimated Time Per Response: 1 hour.

Total Annual Burden: 11,500 hours.

Total Annualized Cost per respondent: There are no start up or operational and maintenance costs associated with this collection.

Needs and Uses: The commission requests this collection of information as a method for licensees to provide information to verify a station has been placed into operation and to notify the Commission of the actual number of mobile units placed in operation after license grant. From this data, the Commission is able to determine full capacity channel loading, making frequencies available for assignment and modifying or cancelling licenses. The data collected ensures licensees are not authorized for more mobiles than they are actually using. The data collected is required by the Communications Act and FCC Rules 90.155, 90.313, 90.495, 90.496, 90.631, 90.633, 90.651, 90.725 and 90.737. The entities identified in the current 800A letter, such as trunked, convention, etc., have been re-named as CMRS and PMRS. The current 800A letter requests a breakdown in the types of mobiles and control stations, while the proposed 800A letter asks for a total number of mobiles and the number of parties affiliated with, controlled by, or related to the provider. The number of responses and estimated burden remains unchanged.

Federal Communications Commission.

William F. Caton,

Acting Secretary.
