

CIG states that, at a technical conference convened on March 5, 1996, in Docket No. CP96-41-000, as amended, parties questioned the consistency of the proposed reclassification of compression facilities and also raised the issue of whether Field Services could fully recover the cost of providing gathering services using compressors proposed to be reclassified from transmission to gathering. To alleviate these concerns, CIG indicates that it now seeks to amend its pending application to retain as facilities owned and operated by CIG subject to the Commission's jurisdiction under the Natural Gas Act, the compressors at its Lakin, Morton, and Mocane Compressor Stations currently classified as transmission. It is indicated that these compression facilities consist of 31,700 horsepower. CIG also proposed to retain a 858-foot segment of pipeline with measurement facilities extending from the outlet of the Mocane Compressor Station to the Warren Processing Plant. CIG also proposes to include dehydrators at Mocane and Morton among its transmission assets. No other changes to the original application, as amended on February 23, 1996, are proposed.

CIG indicates that, as a result of the instant petition and a previous petition filed February 23, 1996, the net book value of facilities to be transferred to CIG Field Services Company will be reduced from \$36,111,594 to \$32,982,883.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before April 1, 1996, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

**Eastex Power Marketing, Inc.; Notice of Filing**

March 21, 1996.

Take notice that on March 1, 1996, Eastex Power Marketing, Inc. tender for filing a letter to expand upon prior representations regarding electric generation owned by affiliates of EPMI.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before April 3, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

**[Docket Nos. RP91-203-060 and RP92-132-047 (Phase II—PCB Issues)]**

**Tennessee Gas Pipeline Company; Notice of Compliance Filing**

March 21, 1996.

Take notice that on March 18, 1996, Tennessee Gas Pipeline Company tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the tariff sheets in Appendix A to the filing, to become effective on July 1, 1995 and thereafter, as indicated.

Tennessee asserts that the purpose of this filing is to comply with the Commission's orders issued November 29, 1995 and February 20, 1996, in FERC Docket Nos. RP91-203 and RP92-132 (Phase II—PCB issues) by which the Commission approved the Stipulation and Agreement filed May 15, 1995 in this proceeding ("PCB Settlement").

Tennessee states that the PCB Settlement resolves outstanding issues relating to Tennessee's recovery from its customers of the costs of remediating PCB and HSL contamination at specified locations on its pipeline system. Tennessee further states that the PCB Settlement requires that Tennessee file the identified tariff sheets to implement the terms and conditions of the PCB Settlement. Tennessee requests that the tariff sheets become effective consistent with the effective date prescribed in the PCB Settlement.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.
