**SUMMARY:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is being prepared for Bexar-Medina-Atascosa Water Conservation Plan, Bexar, Medina, and Atascosa Counties, Texas.

Harry W. Oneth, State Conservationist, Natural Resources Conservation Service, 101 South Main Street, Temple, Texas, 76501-7682, telephone: (817) 774-1214.

#### SUPPLEMENTARY INFORMATION:

Preliminary studies indicate that the Federal financial assistance costs for this project will exceed \$5 million. As a result of these findings, Harry W. Oneth, State Conservationist, has determined that the preparation and review of an environmental impact statement is needed for this project.

The project concerns a Public Law 83-566 plan for water conservation. Alternatives under consideration to reach these objectives include renovating and improving an existing canal system and implementing on-farm irrigation water management practices.

A draft environmental impact statement will be prepared and circulated for review by agencies and the public. The Natural Resources Conservation Service invites participation and consultation of agencies and individuals that have special expertise, legal jurisdiction, or interest in the preparation of the draft environmental impact statement. A public meeting was held on March 18, 1996, at the Devine Community Center, Devine, Texas to request public input and discuss the current status of the project. Further information on the proposed action and plans for future scoping meetings may be obtained from Harry W. Oneth, State Conservationist, at the above address or telephone (817) 774-1214.
