

amended the program and in June 1995 the revised plan was released for public comment. Texas considered the comments in the preparation of the TCMP program submitted to NOAA in October 1995. Copies of the State's October program submittal document are available from NOAA. See address below.

Given the public process used to develop the TCMP, no scoping meetings are planned for the development of the DEIS. However, comments are solicited regarding the range of alternatives in the DEIS that have been identified in this notice. The decision whether to approve, deny or delay approval would be based primarily on the extent that the Texas Coastal Program satisfies the requirements of Section 306 of the Coastal Zone Management Act. Therefore, NOAA also solicits comments on the proposed Federal approval of the TCMP and the other alternatives under Section 306 of the Coastal Zone Management Act, particularly with respect to the adequacy of the TCMP on the following issues:

- (1) The State's Coastal Zone Boundary;
- (2) The coastal policies in terms of specificity, scope and enforceability;
- (3) The scope and geographic coverage of the laws and regulations identified in the TCMP to manage impacts on important coastal resources such as: wetlands, tidal flats, submerged grasses, beaches and dunes and other valuable natural resources;
- (4) The mechanisms for State agency coordination and consultation in order to ensure compliance with the State's coastal policies and effective implementation of the TCMP;
- (5) The consideration of the national interest in, the need for, and management of, oil and gas and other energy related facilities and activities, ports, navigation projects, major water dependent activities and other activities of national interest; and
- (6) The enhancement, coordination and simplification of State and local governmental decision making;

DATES: Individuals or organizations wishing to submit comments on the range of alternatives, the underlying issues for decision, or other issues should do so by May 22, 1996. Any comments received after that date will be included with the comments received on the DEIS and accordingly made part of the record. The dates for public meetings on the DEIS will be the subject of a subsequent notice.

ADDRESSES: Requests for the above described documents and all comments should be made to:

National Oceanic and Atmospheric Administration
National Ocean Service,
Office of Ocean and Coastal Resource Management,
Coastal Programs Division, Gulf/
Caribbean Region
1305 East-West Highway (N/ORM3)
Silver Spring, Maryland 20910

BILLING CODE 3510-08-M

Technology Administration

Under Secretary for Technology; National Medal of Technology Nomination Evaluation Committee; Notice of Determination For Closure of Meeting

The National Medal of Technology Nomination Evaluation Committee has scheduled a meeting for April 19, 1996. Late notice of this meeting is being provided due to several exceptional circumstances. Recently a decision was made to change the date of the National Medal of Technology Award ceremony from October to June of each year. In order to meet the new program schedule, the National Medal of Technology Nomination Evaluation Committee must meet no later than April 19, 1996. Also, the publication of this notice has been delayed because of the recent untimely death of the Secretary of Commerce.

The Committee was established to assist the Department in executing its responsibilities under 15 U.S.C. 3711. Under this provision, the Secretary is responsible for recommending to the President prospective recipients of the National Medal of Technology. The Committee's recommendations are made after reviewing all nominations received in response to a public solicitation. The Committee is chartered to have from six to twelve members, of which nine are now serving. Three additional Committee members are in the process of being appointed.

The meeting will be closed to discuss the relative merits of persons and companies nominated for the Medal.

Public disclosure of this information would be likely to significantly frustrate implementation of the National Medal of Technology program because premature publicity about candidates under consideration for the Medal, who may or may not ultimately receive the award, would be likely to discourage nominations for the Medal.

Accordingly, I find and determine, pursuant to Section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. app. 2, as amended, that the April 19, 1996, meeting may be closed to the public in accordance with Section 552b(c)(9)(B) of Title 5, United States Code because revealing information about Medal candidates would be likely to significantly frustrate implementation of a proposed agency action.

Dated: April 16, 1996.
Raymond G. Kammer,
Chief Financial Officer and Assistant Secretary for Administration.

Dated: April 16, 1996.
Barbara S. Fredericks
Assistant General Counsel for Administration.

DEPARTMENT OF DEFENSE**Department of the Army****Corps of Engineers****Availability of Surplus Land and Buildings in Accordance With Public Law 103-421 Located at Fort Holabird, Baltimore, MD**

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice of Availability.

SUMMARY: This notice identifies the surplus real property located at the Fort Holabird Military Reservation Baltimore, Maryland. The property is located in southeast Baltimore City just south of the Holabird Industrial Park located at the intersection of Dundalk and Holabird Avenues. Access to Interstate 95 and 695 are close by.

FOR FURTHER INFORMATION CONTACT: For more information regarding the particular property identified in this Notice (i.e., acreage, floor plans, existing sanitary facilities, exact location), contact Mr. Gerry Bresee, Real Estate Division, Army Corps of Engineers, P.O. Box 1715, Baltimore, MD 21203 (telephone 410-962-5173, fax 410-962-0866); or Mr. Ted Hartman, Base Transition Coordinator, U.S. Army Garrison, Fort George G. Meade, MD 20755-5155 (telephone 301-677-2130).

SUPPLEMENTARY INFORMATION: This surplus is available under the provisions of the Federal Property and Administrative Services Act of 1945 and the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. Notices of interest should be forwarded to Ms. Sara Trenery, City of Baltimore Development Corporation, 36 South Charles Street, Baltimore, MD 21201.

The surplus real property totals approximately 13.80 acres and contains 4 buildings totaling 140,242 square feet of space. Current range of uses include storage and administrative. Future uses may include administrative, storage and light industrial.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

BILLING CODE 3710-4-M

DEPARTMENT OF EDUCATION**Computer Matching Program; Notice**

AGENCY: Department of Education (ED).

ACTION: Notice of computer matching program between the U. S. Department

of Education and the U. S. Postal Service (USPS).

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended by the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), requires agencies to publish advance notice of computer matching programs as a means of informing benefit recipients/employees of plans to conduct computer matches. This publishes notice that ED proposes to conduct a computer matching program with the USPS. The matching program will compare USPS payroll and ED debtor records to identify postal employees delinquent to the federal government under certain programs administered by ED. ED will contact affected employees and will take appropriate steps to collect those debts under the salary offset provisions of the Debt Collection Act of 1982 (Pub. L. 97-365) when voluntary payment is not made.

DATES: Comments must be received May 22, 1996. Unless comments are received that result in a contrary determination, the matching program covered by this notice will begin no sooner than 40 days after the computer matching agreement and this notice have been sent to the Congress and the Office of Management and Budget.

ADDRESSES: Comments may be mailed to the U. S. Department of Education, Washington Service Center, Attention: USPS CMA Comments, 600 Independence Avenue, S.W., Washington, DC 20202-5320.

FOR FURTHER INFORMATION CONTACT: Demetrius V. Windom, (202) 708-4774. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The Department of Education expects that this computer matching program will enable it to obtain current home and work addresses for 6,000 USPS employees having student loan obligations held by ED. ED has collected approximately \$3 million from previous matches with the USPS, and expects to recover from the 1996 match \$10.4 million over an average repayment period of five years. Set forth below is a description of the computer matching program proposed by this notice in compliance with OMB Bulletin No. 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public".

Report of Computer Matching Program—U. S. Department of Education and U. S. Postal Service (Comparing ED Debtor Records and USPS Payroll)

A. Participating Agencies

The U. S. Postal Service (USPS) is the recipient agency and will perform the computer match with debtor records provided by the Department of Education (ED), the source agency in this matching program.

B. Purposes of the Matching Program

This matching program will compare USPS payroll and ED delinquent debtor files for the purposes of identifying postal employees who may owe delinquent debts to the federal government under programs administered by the Department of Education. The pay of an employee identified and verified as a delinquent debtor may be offset under the provisions of the Debt Collection Act of 1982 when voluntary payment is not made.

C. Legal Authorities Authorizing Operation of the Match

This matching program will be undertaken under the authority of the Debt Collection Act of 1982 (P. L. 97-365) which authorizes federal agencies to offset a federal employee's salary as a means of satisfying delinquent debts owed to the United States.

D. Categories of Individuals Matched and Identification of Records Used

The following systems of records, maintained by the participant agencies under the Privacy Act of 1974, as amended, will be used to disclose records for this matching program:

1. USPS' "Finance Records—Payroll System, USPS 050-020," containing records for approximately 800,000 employees. [Disclosure will be made pursuant to routine use No. 24 of USPS 050-020, which last appeared in the Federal Register on December 4, 1992 (57 FR 57515).]

2. ED's "Title IV Program Files" (18-40-0024), containing debt records for approximately 3,000,000 borrowers. [A notice of this system was last published in the Federal Register on April 12, 1994 (59 FR 17351).]

E. Description of the Matching Program

ED will provide USPS a magnetic computer tape containing the names and social security numbers (SSN) of its loan defaulters. By computer, the USPS will compare that information with its payroll files, establishing matched individuals (i.e., "hits") on the basis of
