

# 16. Wisconsin Public Service Corporation

Docket No. ER96-1534-000

Take notice that on April 2, 1996, Wisconsin Public Service Corporation (WPSC), tendered for filing an executed Transmission Service Agreement between WPSC and Wisconsin Power & Light Company. The Agreement provides for transmission service under the Comparable Transmission Service Tariff, FERC Original Volume No. 7.

WPSC asks that the agreement become effective retroactively to March 22, 1996.

*Comment date:* May 1, 1996, in accordance with Standard Paragraph E at the end of this notice.

# 17. Allegheny Power Service Corporation, on behalf of Monongahela Power Company, The Potomac Edison Company and West Penn Power Company (Allegheny Power)

Docket No. ER96-1535-000

Take notice that on April 9, 1996, Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company and West Penn Power Company (Allegheny Power) filed Supplement No. 9 to add four (4) new Customers to the Standard Generation Service Rate Schedule under which Allegheny Power offers standard generation and emergency service on an hourly, daily, weekly, monthly or yearly basis. Allegheny Power requests a waiver of notice requirements to make service available as of April 1, 1996, to InterCoast Power Marketing, New York State Electric & Gas Corporation, NorAm Energy Services, Inc., and PowerNet Corporation.

Copies of the filing have been provided to the Public Utilities Commission of Ohio, the Pennsylvania Public Utility Commission, the Maryland Public Service Commission, the Virginia State Corporation Commission, the West Virginia Public Service Commission, and all parties of record.

*Comment date:* May 1, 1996, in accordance with Standard Paragraph E at the end of this notice.

# 18. Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company, and West Penn Power Company (Allegheny Power)

Docket No. ER96-1536-000

Take notice that on April 9, 1996, Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company and West Penn Power

Company (Allegheny Power), filed Service Agreements to add Commonwealth Edison Company, Engelhard Power Marketing, Inc., and LG&E Power Marketing Inc. as Customers under Allegheny Power's Point-to-Point Transmission Service Tariff which has been accepted for filing by the Federal Energy Regulatory Commission. Allegheny Power proposes to make service available to LG&E Power Marketing Inc. as of March 10, 1996, and to Commonwealth Edison Company and Engelhard Power Marketing, Inc. as of March 15, 1996.

Copies of the filing have been provided to the Public Utilities Commission of Ohio, the Pennsylvania Public Utility Commission, the Maryland Public Service Commission, the Virginia State Corporation Commission, the West Virginia Public Service Commission.

*Comment date:* May 1, 1996, in accordance with Standard Paragraph E at the end of this notice.

# 19. Kansas City Power & Light Company

Docket No. ES96-22-000

Take notice that on April 15, 1996, Kansas City Power & Light Company filed an application, under § 204 of the Federal Power Act, seeking authorization to issue, from time to time, up to \$300 million of short-term debt during the period July 1, 1996 through June 30, 1998, with final maturities not later than June 30, 1999.

*Comment date:* May 14, 1996, in accordance with Standard Paragraph E at the end of this notice.

## Standard Paragraph

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,  
*Secretary.*

# ENVIRONMENTAL PROTECTION AGENCY

[FRL-5462-7]

## Agency Information Collection Activities Under OMB Review; NSPS Subpart H, Sulfuric Acid Plants

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3507(a)(1)(D)), this notice announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: NSPS Subpart H, Sulfuric Acid Plants, OMB number 2060-0041, EPA ICR No. 1057.07 expires 06/31/96. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before May 24, 1996.

**FOR FURTHER INFORMATION OR A COPY CALL:** Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 1057.07 and OMB No. 2060-0041.

## SUPPLEMENTARY INFORMATION:

*Title:* NSPS Subpart H, Sulfuric Acid Plants (OMB Control No. 2060-0041; EPA ICR No. 1057.07) expiring 06/31/96. This is a request for extension of a currently approved collection.

*Abstract:* This ICR contains recordkeeping and reporting requirements that are mandatory for compliance with 40 CFR Part 60.80, Subpart H, New Source Performance Standards for Sulfuric Acid Plants. This information notifies the Agency when a source becomes subject to the regulations, and informs the Agency that the source is in compliance when it begins operation. The Agency is informed of the sources' compliance status by semiannual reports. The calibration and maintenance requirements aid in a source remaining in compliance.

In the Administrator's judgment, SO<sub>2</sub> and acid mist emissions from the manufacture of sulfuric acid cause or contribute to air pollution that may reasonably be anticipated to endanger public health or welfare. Therefore, New Source Performance Standards have been promulgated for this source category as required under Section 111 of the Clean Air Act.

The control of SO<sub>2</sub> and acid mist requires not only the installation of properly designed equipment, but also

the proper operation and maintenance of that equipment. Sulfur dioxide and acid mist emissions from sulfuric acid plants result from the burning of sulfur or sulfur-bearing feedstocks to form SO<sub>2</sub>, catalytic oxidation of SO<sub>2</sub> to SO<sub>3</sub>, and absorption of SO<sub>2</sub> in a strong acid stream. These standards rely on the capture of SO<sub>2</sub> and acid mist by venting to a control device.

Owners or operators of Sulfuric Acid Plants subject to NSPS are required to make the following one-time-only reports: notification of the date of construction or reconstruction; notification of the anticipated and actual dates of startup; notification of any physical or operational change to an existing facility which may increase the regulated pollutant emission rate; notification of demonstration of the continuous emission monitoring system (CEMS); notification of the date of the initial performance test; and the results of the initial performance test. After the initial recordkeeping and reporting requirements, semiannual reports are required if there has been an exceedance of control device operating parameters.

Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notification, reports and records are required, in general, of all sources subject to NSPS.

Four new facilities are estimated to become subject to NSPS Subpart H annually.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 12/08/95 (60FR63039); no comments were received.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 595.80 hours per new facility, and 220 hours per existing facility. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and

maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transit or otherwise disclose the information.

**Respondents/Affected Entities:** 4 new facilities per year, 100 existing facilities.

**Estimated Number of Respondents:** 106.

**Frequency of Response:** 2.

**Estimated Total Annual Hour Burden:** 24,823 hours.

**Estimated Total Annualized Cost Burden:** \$1,094,703.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1057.07 and OMB Control No. 2060-0041 in any correspondence.

Ms. Sandy Farmer,  
U.S. Environmental Protection Agency,  
OPPE Regulatory Information Division  
(2137),  
401 M Street, SW,

#### [FRL-5462-S]

#### **Agency Information Collection Activities: Proposed Collection; Comment Request; Revision of the Information Collection Request for the National Pretreatment Program**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following proposed and/or continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Information Collection Request for the

National Pretreatment Program (40 CFR Part 403), OMB Control Number 2040-009, EPA ICR Number 0002.08 (expires October 31, 1999). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

**DATES:** Comments must be submitted on or before June 24, 1996.

**ADDRESSES:** Interested persons may obtain a copy of this ICR without charge by contacting John Hopkins, Office of Wastewater Management (4203), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, telephone (202) 260-9527.

**FOR FURTHER INFORMATION CONTACT:** John Hopkins at (202) 260-9527; facsimile (202) 260-1460.

#### **SUPPLEMENTARY INFORMATION:**

**Affected entities:** Entities potentially affected by this action are those subject to the regulations under 40 CFR Part 403, including private industries, State, local and Federal governments.

**Title:** Revision of the Information Collection Request for the National Pretreatment Program (40 CFR Part 403). OMB Control Number 2040-009. Expiration date October 31, 1999.

**Abstract:** This Information Collection Request (ICR) calculates the burden and costs associated with managing the National Pretreatment Program mandated by Sections 402(a) and (b) and 307(b) of the Clean Water Act. This ICR is a renewal of the Revision of the Information Collection Request for the National Pretreatment Program (OMB Control No. 2040-0009, ICR No. 0002.07).

Management of the pretreatment program is the responsibility of the Office of Wastewater Management (OWM) in the Office of Water (OW), Environmental Protection Agency (EPA). The Clean Water Act requires EPA to develop national pretreatment standards to control discharges from Industrial Users (IUs) into sewage systems, or Publicly Owned Treatment Works (POTWs). These standards limit the level of certain pollutants in IU wastewaters. EPA administers the pretreatment program through the National Pollutant Discharge Elimination System (NPDES) permit program. Under the NPDES permit program, EPA may approve State or individual POTW implementation of the pretreatment standards at their respective levels. OWM uses the data collected under the pretreatment program to monitor and enforce compliance with the regulations, as well as to authorize program administration at the State or local (POTW) level. The
