**Call for Nominations for Native American Tribal Representative to the Eastern Washington Resource Advisory Council**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to solicit public nominations for a Native American tribal representative for the Eastern Washington Resource Advisory Council, established and authorized in 1995 by the Secretary of the Interior to provide advice and recommendations to the BLM and Forest Service on management of public lands. This is an additional vacant position to those identified in a Federal Register Notice published April 15, 1996. Public nominations will be received through May 30, 1996.

The Council, which was established in August, 1995, is made up of 15 members. The Native American tribal representative has resigned from the Council, and we are seeking nominees to replace this position for the balance of its term through August of 1997.

The Council, which covers eastern Washington, has to date identified two issues that they would like to work on with the BLM and the Forest Service: Standards for rangeland health and guidelines for grazing management, and the Interior Columbia Basin Ecosystem Management Project.

This council is authorized under the Federal Land Policy and Management Act (FLPMA), which directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by BLM. Section 309 of FLPMA directs the Secretary to select 10 to 15 member citizen-based advisory councils that are established and authorized consistent with the requirements of the Federal Advisory Committee Act (FACA). As required by the FACA, Resource Advisory Council membership must be balanced and representative of the various interests concerned with the management of public lands. These include three categories:

Category One: holders of federal grazing permits, representatives of energy and mining development, timber industry, transportation or rights-of-way, off-road vehicle use and developed recreation.

Category Two: representatives of environmental and resource conservation organizations, dispersed recreation, archeological and historic interests, and wild horse and burro groups.

Category Three: representatives of State and local government, Native American tribes, academicians involved in natural sciences, employees of State agencies responsible for the management of natural resources, land, or water, and the public at large.

Individuals may nominate themselves or others. Nominees must be residents of the State of Washington. The Eastern Washington Council covers eastern Washington (with the exception of the area south of the Snake River drainages).

Nominees will be evaluated based on their experience working with Native American tribal issues and their knowledge of the geographic area covered by the Council. Nominees must also have demonstrated a commitment to collaborative resource decision making. All nominations must be accompanied by letters of reference from represented interests or organizations, a completed background information nomination form, as well as any other information that speaks to the nominee's qualifications. The BLM Oregon/Washington State Director, the Forest Service Regional Forester, and the Washington Governor's Office will forward the nominations to the Secretary of the Interior, who will make the appointment to the Council.

This nomination period will also be announced through press releases issued by the BLM Oregon/Washington State Office. Nominations for Resource Advisory Councils should be sent to: Elaine Zielinski, Bureau of Land Management, Oregon/Washington State Director, P.O. Box 2965, Portland, OR, 97208.

**DATES:** All nominations must be received by the BLM Oregon/Washington State Office on or before May 30, 1996.
