

the human, marine, and coastal environments is maintained. Alternatives not recommended in the feasibility study, but identified by various involved parties during the EIS process, may also be included for analysis. Various aspects related to the EIS cannot be definitively determined until a scoping meeting, required under 40 CFR 1501.7, is conducted in the State of Louisiana.

Scoping Process: This notice constitutes the beginning of the public scoping process. Interested individuals, organizations, and other agencies are encouraged to provide written comments within 45 calendar days of this notice to the address below. Respondents should mark their submittal "Comments Regarding Preparation of a Louisiana Barrier Island Restoration EIS." The MMS will review all comments received for the purpose of determining the scope of the EIS.

As of the writing of this notice, a public scoping meeting was scheduled to be held May 14, 1996, beginning at 7:00 P.M., at the Municipal Auditorium in Houma, Louisiana. Written notice providing final details on the location, date, and times of this meeting will be published in local and regional newspapers, as appropriate. Persons interested in attending the scoping meeting may also call the number below for exact details and final arrangements.

Comments and Questions: Please direct written comments and written or verbal questions on the proposed action and EIS to Mr. Barry S. Drucker, Project Coordinator, U. S. Department of the Interior, Minerals Management Service, 381 Elden Street, Mail Stop 4030, Herndon, Virginia, 22070. Phone: (703-787-1300), Fax: (703-787-1284).

Dated: April 22, 1996.
