

(10) To another Federal or a state agency to: (1) Contribute to the accuracy of HCFA's proper payment of Medicare health benefits, or (2) enable such agency to administer a Federal or state health benefits program, or as necessary to enable such agency to fulfill a requirement of a Federal or state statute or regulation, if HCFA:

a. Determines that the use or disclosure does not violate legal limitations under which the data were provided, collected, or obtained;

b. Determines that the purpose for which the disclosure is made cannot reasonably be accomplished unless the data are provided in individually identifiable form;

c. Requires the recipient to:

(1) Establish reasonable administrative, technical, and physical safeguards to prevent unauthorized use or disclosure of the record;

(2) Make no further use or disclosure of the record except:

(a) In emergency circumstances affecting the health or safety of any individual;

(b) For use on another project under the same conditions and with written authorization from HCFA; and

(c) When required by law;

(d) Secures a written statement attesting to the next recipient's understanding of, and willingness to abide by the following provisions:

(1) Not to use the data for purposes other than those for which the data were disclosed;

(2) Not to publish or otherwise disclose the data in a form raising unacceptable possibilities that individuals could be identified (i.e., the data must not be individual-specific and must be aggregated to a level where no data cells have 10 or fewer individuals); and

(3) Not to publish any aggregation of the data without HCFA's approval.

The proposed new routine use for the MPIES (hereafter UPIN) system is consistent with the Privacy Act, 5 U.S.C. 552a(a)(7), since it is compatible with the purpose for which the data were collected. We are publishing the notice in its entirety below for the convenience of the reader.

National Institutes of Health**Submission for OMB Review;
Comment Request; Effect of Chronic
Occupational Exposure to Pesticides
on Neurological Function in
Farmworkers (Workers' Health Study)**

SUMMARY: Under the provisions of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the National Institute of Environmental Health Sciences (NIEHS), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the Federal Register on November 3, 1995, pages 55845-55846, and allowed 60-days for public comment. No public comments were received. The purpose of this

notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

PROPOSED COLLECTION: Title: Effect of Chronic Occupational Exposure to Pesticides on Neurological Function in Farmworkers (Workers' Health Study). Type of Information Collection Request: NEW. Need and Use of Information Collection: This is a cross-sectional study of 125 farmworkers exposed to pesticides and 125 unexposed control subjects with other jobs matched for age, sex, and ethnicity. There are few studies which document an association of subclinical neurological effects with chronic exposure. The information

collected will be used to further understanding of the effects of chronic occupational exposure to pesticides on neurological function and in the assessment of public health concerns to occupational groups and the public. Frequently of Response: One time. Affected Public: Individuals or households; Farms. Type of Respondents: Male and Female adult farmworkers and control subjects. The annual reporting burden is as follows: Estimated Number of Respondents: 326 Estimated Number of Responses per Respondent: 1.92; Average Burden Hours Per Response: 1.11; and Estimated Total Annual Burden Hours Requested: 692. The annualized cost to respondents is estimated at: \$6,920.00. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Exposed farmworkers	147	2.0204	1.1515	342
Control subjects	179	1.8379	1.0639	350
Total	326	692

REQUEST FOR COMMENTS: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

DIRECT COMMENTS TO OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, D.C. 20503, Attention:

Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Dr. Freja Kamel, Senior Staff Fellow, DIR, EBMP, Epidemiology Branch, NIEHS, Bldg. 101, Room A357, Research Triangle Park, NC 27709, or call non-toll free number (919) 541-1581.

COMMENTS DUE DATE: Comments regarding this information collection are best assured of having their full effect if received on or before June 6, 1996.

Dated: April 5, 1996.
Charles Leasure,
Associate Director for Management, NIEHS.
