Foreign-Trade Zones Board

[ORDER NO. 798]

Grant of Authority for Subzone Status Pier 1 Imports, Inc. (Distribution Facility); Grove City, Ohio

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, by an Act of Congress approved June 18, 1934, an Act "To provide for the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade

zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Rickenbacker Port Authority, grantee of Foreign-Trade Zone 138, for authority to establish special-purpose subzone status for the distribution facility of Pier 1 Imports, Inc., located in Grove City, Ohio, was filed by the Board on February 8, 1995, and notice inviting public comment was given in the Federal Register (FTZ Docket 4-95, 60 FR 9005, 2/16/95); and,

Whereas, the Board has found that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, Therefore, the Board hereby authorizes the establishment of a subzone (Subzone 138B) at the Pier 1 Imports, Inc., facility in Grove City, Ohio, at the location described in the application, subject to the FTZ Act and the Board's regulations, including § 400.28. As indicated in the application, no processing or manufacturing will be conducted under zone procedures, including any such activity involving foreign textile products.

Signed at Washington, DC, this 16th day of January 1996.

[Docket 4-96]

Foreign-Trade Zone 124, Gramercy, Louisiana; Proposed Foreign-Trade Subzone—Shell Oil Company (Oil Refinery/Petrochemical Complex); St. Charles Parish, Louisiana

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the South Louisiana Port Commission, grantee of FTZ 124, requesting special-purpose subzone status for the oil refinery and petrochemical complex of Shell Oil Company, located in St. Charles Parish, Louisiana. The application was submitted pursuant to the provisions of

the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 18, 1996.

The refinery/petrochemical complex (983 acres) 1600 employees) consists of 4 sites in St. Charles Parish, Louisiana: *Site 1* (220,000 BPD capacity, 826 acres)—main refinery complex located on the Mississippi River at 15536 River Road and Louisiana Hwy 48, near Norco, including some 40 miles of connecting pipeline ending at the Clovelly Dome Storage Terminal and a dedicated pipeline from the adjacent GATX Tank Terminal; *Site 2* (142 acres)—chemical plant located adjacent to the main refinery at 16122 River Road; *Site 3* (45,000 BPD capacity, 15 acres)—refinery, located at 11842 River Road, 6 miles east of the main complex, near St. Rose; and *Site 4* (13 leased tanks with 1,713,000 barrel capacity)—storage facility within International MATEX Tank Terminals (IMTT), located adjacent to Site 3. The refineries, petrochemical plant, storage facility and pipelines operate as an integral part of the refinery/petrochemical complex.

The refinery is used to produce fuels, petrochemical feedstocks and petrochemical products. Fuels produced include gasoline, jet fuel, distillates, residual fuels, and naphthas. Petrochemical feedstocks include methane, ethane, propane, butane, butylene, ethylene, propylene and butadiene. Refinery by-products include sulfur and petroleum coke. The refinery complex also produces petrochemical products including epoxy resins, epichlorohydrin, methyl ethyl ketone, allyl chloride, secondary butyl alcohol and MTBE. About one-quarter of the crude oil (87 percent of inputs), and some feedstocks and motor fuel blendstocks used in producing fuel products are sourced abroad. In addition, some feedstocks used in chemical manufacturing may be sourced abroad including sulphuric acid and methyl mercaptan.

Zone procedures would exempt the operations involved from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from duty-free to 10.5/barrel. (The remaining finished products—fuel and petrochemical products—generally have higher duty rates than crude oil, and for those products zone procedures would be primarily used to defer Customs duty

payments.) The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness of the plants involved.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 26, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 10, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

[Docket A(27F)-43-95]

Foreign-Trade Zone 115, Beaumont, TX Subzone 115B, Mobil Oil Corporation (Crude Oil Refinery Complex); Request for Minor Modification of Restriction

A request has been submitted to the Foreign-Trade Zones Board (the Board) by the Foreign Trade Zone of Southeast Texas, Inc., grantee of FTZ 115, pursuant to § 400.27(f) of the Board's regulations, for a minor modification of the restrictions in FTZ Board Order 780 authorizing Subzone 115B at the crude oil refinery complex of Mobil Oil Corporation (Mobil) in the Beaumont, Texas, area. The request was formally filed on December 14, 1995.

The FTZ Board approved subzone status for the Mobil refinery in 1995 (Subzone 115B, Board Order 780, 60 FR 54471, 10/24/95). The approval was subject to certain standard restrictions.

The company is now requesting that restriction #2, which allows the election of non-privileged foreign (NPF) status (19 CFR 146.42) on refinery inputs covered under HTSUS Subheadings # 2709.00.1000 - # 2710.00.1050 and #

2710.00.2500, be extended to cover HTSUS Subheading #2710.00.4510—natural gas condensate.

The request indicates that the HTSUS number for this input was omitted from the list of refinery inputs in the original subzone application and that the product functions like crude oil with respect to the refining process.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 26, 1996.

A copy of the application and accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, NW., Washington, DC 20230.

[Docket 3-96]

Foreign-Trade Zone 147, Reading, Pennsylvania Area; Application for Expansion

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Foreign Trade Zone Corporation of Southeastern Pennsylvania, grantee of Foreign-Trade Zone 147, requesting authority to expand its zone in Reading, Pennsylvania, to include additional sites in the Counties of Berks and York, adjacent to the Philadelphia and Harrisburg Customs ports of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on January 17, 1996.

FTZ 147 was approved on June 28, 1988 (Board Order 378, 53 FR 26094, 7/11/88). The zone project currently consists of 3 industrial park parcels (200 acres) at the 865-acre Reading Municipal Airport, operated by the Reading Municipal Airport Authority.

The applicant now requests authority to expand the existing zone to include the entire 865-acre Airport complex (Site 1), and add five new sites. Three of the new sites (Sites 4-6) are being requested as part of a cooperative effort with York County officials. Two of the sites in York County involve a number
