**[Docket No. CP96-522-000]**

**Columbia Gulf Transmission Company, Notice of Application**

May 21, 1996.

Take notice that on May 15, 1996, Columbia Gulf Transmission Company (Columbia Gulf), 2603 Augusta, Suite 125, Houston, Texas 77210-4621, filed in Docket No. CP96-522-000 an abbreviated application pursuant to Section 7(b) and 7(c) of the Natural Gas Act, as amended, for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and order granting permission and approval to abandon the facilities being replaced, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Columbia Gulf states that as part of its objective to ensure the more efficient and reliable operation of its pipeline system, it initiated in 1986 to install on-line pigging facilities on its mainline system. Columbia Gulf further states that as part of this program, it proposes to construct and operate approximately 0.3 mile of 30-inch pipeline crossing the Ouachita River, replacing approximately 0.3 mile of dual 24-inch pipeline located in Catahoula Parish, Louisiana. Columbia Gulf indicates that the estimated cost of the proposed construction is \$712,000. It is asserted that the proposed single 30-inch pipeline crossing will result in a *de minimus* decrease in the theoretical capacity of the crossing. It is further asserted that the proposed crossing will have no effect on the throughput of Columbia Gulf's loop pipeline system as the minimal pressure reduction can be made up at the existing Delhi Compressor Station with existing compressor units.

Any person desiring to be heard or to make protest with reference to said application should on or before June 11, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with

the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, and if the Commission on its own review of the matter finds that the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia Gulf to appear or be represented at the hearing.

*Secretary.*

BILLING CODE 6717-01-M

**[Docket No. CP96-524-000]**

**Tennessee Gas Pipeline Company; Notice of Request Under Blanket Authorization**

May 21, 1996.

Take notice that on May 17, 1996, Tennessee Gas Pipeline Company (Tennessee), Post Office Box 2511, Houston, Texas 77252, filed a request with the Commission in Docket No. CP96-524-000 pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to establish a delivery point for Nashville Gas Company (Nashville) authorized in blanket certificate issued in Docket No. CP82-413-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

Tennessee proposes to install a new delivery point on Tennessee's system in Cheatham County, Tennessee which would be used for the delivery of natural gas to Nashville, a division of Piedmont Natural Gas Company. Tennessee states that it would install, own, operate and maintain two two-inch hot taps, approximately 60 feet of two-inch interconnect piping, one two-inch turbine meter with bypass, and electronic gas measurement equipment. The hot tap and interconnect pipe would be located on Tennessee's existing right-of-way. The meter station would be located on a site adjacent to Tennessee's existing right-of-way provided by Nashville. The estimated cost of the meter station would be \$102,024.00, which would be reimbursed by Nashville.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an

application for authorization pursuant to Section 7 of the NGA.
