Bureau of Land Management

[MT-020-1610-00]

Notice of Availability**AGENCY:** Bureau of Land Management,
Miles City District, Montana, Interior.**ACTION:** Notice.

SUMMARY: In accordance with Section
202 of the Federal Land Policy and
Management Act of 1976 and section
102(2)(C) of the National Environmental
Policy Act of 1969, a supplement to the
Big Dry Resource Management Plan and
Environmental Impact Statement (RMP/
EIS) has been prepared for the Calypso
Trail, Big Dry Resource Area. The 1996
Calypso Trail Supplement to the Big Dry
RMP/EIS describes and analyzes future
options for management of the Calypso
Trail.

Management for the Calypso Trail was
addressed in the 1993 Draft Big Dry
RMP/EIS and the 1995 Proposed Big Dry
RMP and Final EIS. Eight protests, some
with multiple signatures, were received
by the Director, protesting the Calypso
Trail decision. In May 1996, a Record of
Decision was issued approving all of the
decisions made in the 1995 Proposed
Big Dry RMP and Final EIS with one
exception, the decision pertaining to
management of Calypso Trail.

Further planning was conducted in
late 1995 for the Calypso Trail. A Notice
of Intent to conduct further planning
was issued in the Federal Register
October 4, 1995. The notice also
informed the public that comments,
concerns, or information would be
considered until November 13, 1995.
The notice announced an open house
meeting, held October 19, 1995 in Miles
City. Written comments were received
from organizations and individuals. All
comments were considered during the
preparation of the Supplement.

Reading copies will be available at the
Custer, Prairie, and Fallon County
public libraries and at the following
Bureau of Land Management locations:
Office of External Affairs, Main Interior
Building, Room 5800, 18th and C Streets
NW., Washington, DC; External Affairs
Office, Montana State Office, 222 North
32nd Street, Billings, MT; and Miles
City District Office, 111 Garryowen
Road, Miles City, MT.

The RMP process includes an
opportunity for review through a plan
protest to the Bureau of Land

Management's Director. Any person or organization who participated in the planning process and has an interest which is, or may be, adversely affected by approval of this Supplement to the RMP may protest the plan. Careful adherence to the following guidelines will assist in preparing a protest:

- Only those persons or organizations who participated in the planning process may protest.
- A protesting party may raise only those issues which were commented on during the planning process.
- Additional issues may be raised at any time and should be directed to the Miles City District for consideration in plan implementation, as potential plan amendments, or as otherwise appropriate.

In order to be considered complete, a protest must contain, at a minimum, the following information:

1. The name, mailing address, telephone number, and interest of the person filing the protest.
2. A statement of the issue being protested.
3. A statement of the portion of the plan being protested. To the extent possible, this should be done by reference to the specific pages, paragraphs, and sections in the proposed management plan.
4. A copy of all documents addressing the issue submitted during the planning process or a reference to the date the issue was discussed for the record.
5. A concise statement explaining why the BLM State Director's decision is believed to be incorrect is a critical part of the protest. Take care to document all relevant facts and references or cite the planning documents, environmental analysis documents, and available planning records (meeting minutes, summaries, correspondence). A protest without any data will not provide the BLM with sufficient information, and the Director's review will be based on existing analysis and supporting data.

DATES: The period for filing protests begins when the Environmental Protection Agency publishes a Notice of Receipt of the Supplement in the Federal Register. The protest period lasts 30 days and there is no provision for any time extension. To be considered "timely" the protest must be postmarked no later than the last day of the 30-day protest period. Although not a requirement, sending a protest by certified mail, return receipt requested, is recommended.

ADDRESSES: All protests must be filed in writing to: Director (480), Bureau of Land Management, Resource Planning

Team, 1849 C Street NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Mary Bloom, RMP/EIS Team Leader, Miles City District Office, 111 Garryowen Road, Miles City, MT 59301, (406) 232-4331.

SUPPLEMENTARY INFORMATION: The Calypso Trail is a road that separates two roadless areas that make up the Terry Badlands Wilderness Study Area. The Supplement analyzes four alternatives to resolve management for the Calypso Trail: Alternative A is existing management where off-road vehicle use is allowed on the Calypso Trail. Under Alternative B, off-road vehicle use would be closed on the Calypso Trail, which by definition closes the road to motorized vehicles, except for authorized use. Alternative C is the same as Alternative A. The proposed decision, Alternative D, is to manage Calypso Trail as was presented in the 1993 Draft Big Dry RMP/EIS. BLM proposes to keep the trail open to motorized vehicles and off-road vehicle use would be limited to the trail itself.

Dated: May 15, 1996.
Glenn A. Carpenter,
District Manager.

Minerals Management Service

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Minerals Management Service, Interior.

ACTION: Notice.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, the Minerals Management Service (MMS) invites the public and other Federal agencies to comment on a request to reinstate with change a collection of information contained in an interim final rule for 30 CFR Part 203, Relief or Reduction in Royalty Rates.

DATES: Submit written comments by August 6, 1996.

ADDRESSES: Direct all written comments to the Department of the Interior; Minerals Management Service; Mail Stop 4700; 381 Elden Street; Herndon, Virginia 22070-4817; Attention: Chief, Engineering and Standards Branch.

FOR FURTHER INFORMATION CONTACT: Marshall Rose, Chief, Economic Evaluation Branch, Resource Evaluation Division, Minerals Management Service, telephone (703) 787-1536.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 203, Relief or Reduction in Royalty Rates.

Abstract: The Outer Continental Shelf Lands Act (OCSLA) and the Deep Water Royalty Relief Act (DWRRA) give the Secretary of the Interior the authority to reduce or eliminate royalty or any net profit share set forth in Outer Continental Shelf (OCS) oil and gas leases to promote increased production.

MMS is issuing an interim rule to establish the terms and conditions for granting reductions in royalty rates under the OCSLA and royalty suspension volumes under the DWRRA for certain leases in existence before November 28, 1995. It also defines the information required for a complete application as required by 43 U.S.C. 1337(a)(3)(C). The interim final rule was published in the Federal Register on May 31, 1996 (61 FR 27263).

The MMS uses the information to determine whether granting a royalty relief request will result in the production of resources that would not be produced without such relief. An application for royalty relief must contain sufficient financial, economic, reservoir, geologic and geophysical, production, and engineering data and information for MMS to determine whether relief should be granted according to applicable law. The application also must be sufficient to determine whether the requested relief will result in an ultimate increase in resource recovery and receipts to the Federal Treasury and provide for reasonable returns on project investments.

The applicant's requirement to respond is related only to a request to obtain royalty relief. The applicant has no obligation to make such a request. The Paperwork Reduction Act of 1995 provides that an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

The MMS requested OMB to approve emergency processing of this collection of information to coincide with the effective date of the interim final rule. This notice provides the full notice and comment period requirement.

Description of Respondents: Federal OCS oil and gas lessees.

Frequency: On occasion.

Estimated Number of Respondents: 130 lessees making an estimated 54 applications per year.

Estimate of Burden: Average of 835 hours per response.

Estimate of Total Annual Burden Hours: 45,080 burden hours.
