Agency information collection activities: Submission to OMB under delegated authority

Background

Notice is hereby given of the final approval of proposed information collections by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 C.F.R. 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

FOR FURTHER INFORMATION CONTACT:

Federal Reserve Board Clearance Officer—Mary M. McLaughlin—Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, DC 20551 (202-452-3829)

OMB Desk Officer—Milo Sunderhauf—Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3208, Washington, DC 20503 (202-395-7340)

Final approval under OMB delegated authority of the extension, with revision, of the following reports:

1. *Report title:* Domestic Finance Company Report of Consolidated Assets and Liabilities

Agency form number: FR 2248

OMB Control number: 7100-0005

Frequency: Monthly

Reporters: Domestic finance companies

Annual reporting hours: 1,920

Estimated average hours per response: 1.3

Number of respondents: 120

Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. §225(a)) and is given confidential treatment (5 U.S.C. §552(b)(4)).

Abstract: The FR 2248 collects balance sheet data on major categories of consumer and business credit receivables and on major short-term liabilities. For quarter-end months (March, June, September, and December), the report collects information on other assets and liabilities outstanding as well as information on capital accounts in order to provide a full balance sheet.

The Federal Reserve has reduced the authorized size of the FR 2248 reporting panel from 142 finance companies to 120 finance companies. The Federal Reserve has also reorganized the form by classifying assets as consumer-, real estate-, business-, or lease-related to make the form more compatible with respondents accounting procedures and thus reduce burden. No changes were made to the liabilities items. Several items were added to the supplemental section, and securitization items were reorganized to be consistent with the new asset classification.

2. Report title: Finance Company Survey

Agency form number: FR 3033s

OMB Control number: 7100-0277

Frequency: quinquennial

Reporters: Domestic finance companies

Annual reporting hours: 840

Estimated average hours per response: 1.4

Number of respondents: 600

Small businesses are affected.

General description of report: This information collection is voluntary (12 U.S.C. §§225a, 263, and 353-359) and is given confidential treatment (5 U.S.C. §552(b)(4)).

Abstract: The FR 3033s survey, which is collected about every five years, asks for detailed information on the assets and liabilities of a stratified random sample of domestic finance companies. The sample is based on the responses to the first stage of the survey, the Finance Company Questionnaire (FR 3033p; OMB No. 7100-0277). From the questionnaires returned, the Federal Reserve determined which of the respondents were eligible for the FR 3033s panel.

The Federal Reserve uses the information collected in the survey to benchmark the data series constructed from the monthly report, the Domestic Finance Company Report of Consolidated Assets and Liabilities (FR 2248; OMB No. 7100-0005).

As with the FR 2248, the Federal Reserve reorganized the form by classifying assets as consumer-, real estate-, business-, or lease-related to make the form more compatible with

respondents accounting procedures and thus reduce burden. There was one minor consolidation to a liabilities item. Several items were added to the supplemental section, and securitization items were reorganized to be consistent with the new asset classification.

Board of Governors of the Federal Reserve System, June 10, 1996.

William W. Wiles,

Secretary of the Board.
