

specific medical nutrition therapy plan dictates otherwise; and

- If the medical food and/or food for special dietary uses is/are used as a:
- Substitution for part of the conventional meal components, the *combination* of the medical food or food for special dietary use *and* conventional foods must meet the above criteria; or
- Replacement of a conventional meal, they must meet the above criteria and consumption of a conventional meal, even with modifications, had been considered but is contraindicated.

When a medical food and/or food for special dietary uses are provided in addition to a conventional meal, AoA and USDA view the meal *and* medical food or food for special dietary uses *together* as constituting a single meal and would not reimburse separately.

#### Additional Information

A paper, "Use of Medical Food and Food for Special Dietary Uses in Elderly Nutrition Programs", authored by the National Policy and Resource Center on Nutrition and Aging (Center), summarizes the appropriate use of medical food and food for special dietary uses in a question and answer format. In addition, the Center has compiled information on state policies on this topic, "State Policies on Provision of Medical Food and Food for Special Dietary Uses." Both publications are available from the Administration on Aging, Office of State and Community Programs; please call (202) 619-0011 for copies of the paper and compilation. Written comments and recommendations regarding the proposed guidance should be sent within 60 days of the publication of this notice directly to the following address: Edwin L. Walker, Director, Office of Program Operations and Development, Administration on Aging, 330 Independence Avenue, SW., Washington, DC 20201.

Dated: June 5, 1996.

William F. Benson,

*Deputy Assistant Secretary for Governmental Affairs and Elder Rights.*

[OCS-96-09]

#### Youth Education and Domestic Violence Model Programs

**AGENCY:** Office of Community Services, ACF, DHHS.

**ACTION:** Notice and call for information on current youth education and

domestic violence programs to be considered as model projects for evaluation and possible nationwide distribution.

**SUMMARY:** The Department of Health and Human Services (DHHS) is authorized, in consultation with the Secretary of Education, to "select, implement, and evaluate four separate model programs for the education of young people about domestic violence and violence among intimate partners." The model programs must address one of four different audiences: primary schools, middle schools, secondary schools, and institutions of higher education, and shall be selected, implemented, and evaluated in consultation with "educational experts, legal and psychological experts on battering, and victim advocate organizations such as battered women's shelters, State coalitions, and resource centers."

As a first step, we want to identify and solicit information on programs for the education of young people about domestic violence and violence among intimate partners that are being conducted for one or more of the four student audiences. This announcement contains all instructions for submitting information on youth education programs.

**DATES:** The closing date for submission of program information is August 16, 1996.

**ADDRESSES:** Program information may be mailed to the U.S. Department of Health and Human Services, Administration for Children and Families/Office of Community Services, (OCS-96-09), 370 L'Enfant Promenade, SW., Mail Stop 6C-462, Washington, DC 20447.

Hand delivered program information is accepted during the normal working hours of 8 a.m. to 4:30 p.m., Monday through Friday, on or prior to the established closing date at: U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, ACF Mailroom, 2nd Floor Loading Dock, Aerospace Center 901 D Street, SW., Washington, DC 20447, between Monday and Friday (excluding Federal holidays).

**SUPPLEMENTARY INFORMATION:** The Youth Education and Domestic Violence program is authorized by section 317 of the Family Violence Prevention and Services Act (the Act), 42 U.S.C. 10417, as amended by Pub. L. 103-322, the Violent Crime Control and Law Enforcement Act of 1994.

Congress has made available \$400,000 to carry out the provisions of section 317.

The Office of Community Services, Administration for Children and Families (OCS) will select and evaluate four types of model programs for the education of four specified audiences of young people about domestic violence and violence among intimate partners. Six to eight programs will be selected to participate in a national evaluation of their efforts. These programs may be recommended to Congress for possible future nationwide distribution.

Specifically, OCS will proceed as follows:

First, we will convene an expert panel to:

(a) Help identify youth education and domestic violence programs for evaluation;

(b) Assist in the development of criteria to be used in the preliminary selection of programs to be evaluated; and

(c) Assist in the design and development of the evaluation study.

Second, we are actively soliciting information about and descriptions of current youth education programs. We are using this Federal Register notice, Department of Education (DOE) networks, professional publications, national resource centers, the electronic media, and other mechanisms to request information about such programs.

Third, the expert panel will assist the DHHS and DOE to review the information on programs received and select at least six but no more than eight for the evaluation.

We do not have a pre-conceived model or educational approach in mind. We are interested in obtaining information on the more outstanding programs being implemented. These programs may include, for example, training curricula, print and visual training aids (as audiovisual components of a structured and more comprehensive program), and model programs that may be school or non-school based. They may include a range of subject matter topics as appropriate to the specific student audience, such as interpersonal violence prevention, self-esteem training for girls, conflict resolution, and the prevention of acquaintance rape and other forms of sexual abuse and violence developed for the high school and college population.

**PROGRAM INFORMATION REQUESTED:** The information on the youth education programs should be narrative and not exceed 30 pages in length. Program descriptions should include:

#### A. Identifying Information

—Name of the Program

—Name and Address of the Sponsoring Organization

- Program Director, Telephone and Fax numbers
- Period of Time Program has Operated

#### B. Description of the Program

- Goals and objectives of the program
- Target audience
- Description of the program activities and how they are designed to achieve the goals and objectives
- Referral activities, if any
- Evaluation results, if any
- Funding Source(s)
- Current Operating Budget
- Problems or Constraints Identified
- Major Changes and/or modifications in the program
- Current dissemination or replication activities
- Future planned activities

#### C. Commitment to Participate in a National Evaluation

A statement by the program director or other responsible official indicating a commitment to participate with the program in a national study. We will consider, on a case-by-case basis, the reimbursement of extraordinary costs directly incident to a selectee's participation in the national study.

#### FOR FURTHER INFORMATION CONTACT:

Administration for Children and Families, Office of Community Services, Division of State Assistance, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447. Telephone William Riley, (202) 401-5529 or Trudy Hairston (202) 401-5319.

Dated: June 12, 1996.

Donald Sykes,

Director, Office of Community Services.

### Health Resources and Services Administration

#### Notification of Expiring Project Periods for Health Care for the Homeless and Health Care Services for Homeless Children Programs

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Health Resources and Services Administration (HRSA) announces that a total of 16 Health Care for the Homeless (HCH) grantees and 1 Health Care for Homeless Children

grantee will reach the end of their project periods during fiscal year (FY) 1997. Assuming the availability of sufficient appropriated funds in FY 1997, it is the intent of HRSA to continue to support health services to the homeless populations in these areas/locations given the continued need for cost-effective, community-based primary care services for these medically underserved populations within these geographic areas.

This notice provides interested parties the opportunity to gather information and decide whether to pursue Federal funding as a HCH program grantee. During this process, communication with Regional Office staff is essential (see Appendix I). A subsequent notice will be published in the Federal Register to announce the availability of funds for FY 1997 and provide application and detailed information on the grant review criteria.

**DUE DATES:** Current grant expiration dates vary by grantee throughout FY 1997. Applications for competing continuation grants are normally due 120 days prior to the expiration of the current grant award. However, to allow potential applicants sufficient time to prepare application materials for those areas in which grants are expiring on October 31, 1996, applications for grants beginning November 1, 1996 will be due 90 days prior to the expiration of the current grant award or no later than August 1, 1996.

**SUPPLEMENTARY INFORMATION:** The HCH program is carried out currently under the authority of section 340 of the Public Health Service Act. The HCH program is designed to increase the homeless population's access to cost-effective, case managed, and integrated primary care and substance abuse services provided by existing community-based programs/providers. In addition, the Health Care Services for Homeless Children's program provides comprehensive primary health services to homeless children and to children at imminent risk of homelessness.

The list of areas in which a current homeless project period expires in FY 1997 is set forth in Appendix II. The areas listed include the city. Further information including the census tract, if applicable, can be obtained by contacting the appropriate PHS regional office (see Appendix I).

A project period is the total amount of time for which a grant has been programmatically approved. For purposes of this notice, grant awards will be made for a one year budget period and up to a five year project period.

Dated: June 11, 1996.

Ciro V. Sumaya,  
Administrator.

#### Appendix I—Regional Office Staff

##### Region I:

Robin Lawrence, D.D.S., Acting Director, Division of Health Services Delivery, DHHS—Region I, John F. Kennedy Federal Building #1401, Boston, MA 02203, (617) 565-1463

##### Region II:

Ronald Moss, Director, Division of Health Services Delivery, DHHS—Region II, 26 Federal Plaza, New York, NY 10278, (212) 264-2664

##### Region III:
