**Agency Forms Undergoing Paperwork Reduction Act Review**

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request more information on these projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 30 days of this notice.

The following requests have been submitted for review since the last publication date on May 29, 1996.

**Proposed Projects**

1. Importation and Shipment of Etiologic Agents—(0920-0199)—Revision—The Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104-132) authorizes the

Secretary of Health and Human Services (HHS) to regulate the transfer of certain infectious agents harmful to humans. The Centers for Disease Control and Prevention (CDC) is the agency within the Department responsible for promulgating regulations. CDC is proposing a rule designed to ensure that select infectious agents are not shipped to parties not equipped to handle them appropriately, or who do not have legitimate reasons to use them and to implement a system whereby scientists and researchers involved in legitimate research may continue transferring and receiving these agents without undue burdens. Respondents include laboratory facilities such as those operated by government agencies, universities, research institutions, and commercial entities.

Those facilities requesting select infectious agents listed in the regulation must register with the Secretary of HHS, or with registering entities authorized by the Secretary, as capable and equipped to handle the select infectious agents in accordance with guidelines developed by CDC, the National Institutes of Health (NIH) and the Department of Defense.

Once registered, facilities must complete a federally-developed form, CDC Form EA-101, for each transfer of the agent. Information on this form will include the name of the requestor and requesting facility, the name of the transferor and transferring facility, the name of the responsible facility official for the transferor and requestor, the requesting facility's registration number, the transferring facility's registration number, the name of the agent(s) being shipped, and the proposed use of the agent. The package is being revised to include burden for laboratories to register with the Secretary.

CFR section	Number of respondents	No. of responses/respondents	Avg. burden/response (in hrs.)
Application for Permit .....	1,000	1	20/60
72.6(a) .....	1,000	1	15/60
72.6(d) .....	1,000	3	1.05
72.6(e) .....	120	21	10/60
72.6(f) .....	1,000	3	6/60

The total annual burden is 4,453. Send comments to Desk officer, CDC; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.

2. Tuberculosis in Children—New—The Centers for Disease Control and Prevention, National Center for HIV,

STD, and TB Prevention, Division of Tuberculosis Elimination, Surveillance Epidemiologic Investigations Branch will be conducting a study for the purpose of performing research concerning the epidemiology of TB in children, including children co-infected with the human immunodeficiency

virus (HIV). The study will involve the following modules: (1) The epidemiology, magnitude and risk factors for TB in children, including HIV-infected children; (2) studies of the diagnosis of TB in children, and (3) reducing the risk of nosocomial transmission of TB in pediatric settings.

Respondents	No. of respondents	No. of Responses/re-spondent	Avg. burden/response (in hrs.)
Positive Tuberculin Skin Testing Form .....	100	1	0.33
Negative Tuberculin Skin Testing Form .....	200	1	0.33
Parental Questionnaire .....	150	1	0.33

The total annual burden is 150. Send comments to Desk officer, CDC; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.

3. HIV Prevention Programs in National/Regional Minority and Other Community Based Organization Project Reports—(0920-0249)—Reinstatement—CDC is responsible for monitoring and evaluating HIV prevention activities conducted under cooperative agreements with National/Regional Minority and Other Community Based Organizations.

Enhancing and assuring quality programming requires that CDC have current information regarding the progress of activities and services supported through these cooperative agreements. In some instances, these cooperative agreements have been awarded to organizations that have not previously been awarded Federal funds, or provided HIV prevention services. Additionally, many have limited infrastructure, requiring greater oversight and technical assistance. Technical assistance site visits and telephone communications do provide

some of the required information; yet, site visits have been dramatically reduced and specific contents of phone conversations can be easily forgotten, especially when several awards are administered by one individual. Therefore, thorough quarterly project reports are considered a critical component of the monitoring/evaluation process. Because this program encompasses at least 23 N/RMOs and 90 CBOs awards, there is a need for a standardized system for reporting the progress of each organization's activities.

Respondents	No. Of Responses	No. Of Responses/Re-spondent	Avg. Burden/Response (in hrs.)
National/Regional .....	23	4	4
CBO .....	90	4	4

The total annual burden is 1808. Send comments to Desk officer, CDC; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.
