General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts". This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

The general wage determinations issued under the Davis-Bacon and related Acts are available electronically by subscription to the FedWorld Bulletin Board System of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at (703) 487-4630.

Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the six separate volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates are distributed to subscribers.

Signed at Washington, D.C. this 14th day of June 1996.

Philip J. Gloss,

Chief, Branch of Construction Wage Determinations.

NATIONAL INDIAN GAMING COMMISSION

Notice of Approval of Class III Tribal Gaming Ordinances

AGENCY: National Indian Gaming Commission.

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public of class III gaming ordinances approved by the Chairman of the National Indian Gaming Commission.

FOR FURTHER INFORMATION CONTACT: The NIGC at (202) 632-7003, or by facsimile at (202) 632-7066 (not toll-free numbers).

SUPPLEMENTARY INFORMATION: The Indian Gaming Regulatory Act (IGRA) 25 U.S.C. § 2701 et seq., was signed into law on October 17, 1988. The IGRA established the National Indian Gaming Commission (the Commission). Section 2710 of the IGRA authorizes the Commission to approve class II and class III tribal gaming ordinances. Section 2710(d)(2)(B) of the IGRA as implemented by CFR § 522.8 (58 FR 5811 (January 22, 1993)), requires the Commission to publish, in the Federal Register, approved class III gaming ordinances.

The IGRA requires all tribal gaming ordinances to contain the same requirements concerning ownership of the gaming activity, use of net revenues, annual audits, health and safety, background investigations and licensing of key employees. The Commission, therefore, believes that publication of each ordinance in the Federal Register would be redundant and result in unnecessary cost to the Commission. The Commission believes that publishing a notice of approval of each class III gaming ordinance is sufficient to meet the requirements of 25 U.S.C. § 2710(d)(2)(B). Also, the Commission will make copies of approved class III ordinances available to the public upon request. Requests can be made in writing to: National Indian Gaming Commission, 1441 L Street, N.W., 9th Floor, Washington, D.C. 20005.

The Chairman has approved tribal gaming ordinances authorizing class III gaming for the following Indian tribes: Assiniboine & Sioux Tribes of the Fort Peck Reservation
Big Pine Paiute Tribe of the Owens Valley
Bishop Paiute Tribe
Citizen Band Potawatomi Indians of Oklahoma
Comanche Indian Tribe
Conferated Tribes of the Colville Reservation

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-219-OLA; ASLBP No. 96-717-02-OLA]

General Public Utility Nuclear Corp.; Establishment of Atomic Safety and Licensing Board

Pursuant to delegation by the Commission dated December 29, 1972,

published in the Federal Register, 37 FR 28710 (1972), and Sections 2.105, 2.700, 2.702, 2.714, 2.714a, 2.717, 2.721 of the Commission's Regulations, all as amended, an Atomic Safety and Licensing Board is being established to preside over the following proceeding.

General Public Utility Nuclear Corporation
Oyster Creek Nuclear Generating Station

This Board is being established pursuant to a notice published by the Commission on May 8, 1996, in the Federal Register (61 FR 20842). The notice reports a proposed determination by the Staff that the issuance of a license amendment to the General Public Utility Nuclear Corporation for the Oyster Creek Nuclear Generating Station would involve no significant hazards consideration. The amendment would revise the technical specifications to allow the handling of loads greater than the weight of one fuel assembly over the irradiated fuel in the spent fuel storage facility. The petitioners, Nuclear Information and Resource Service, Oyster Creek Nuclear Watch and Citizens Awareness Network, seek to intervene and request a hearing on the grounds that the change would present a significant increase in the risk probability of an accident.

The Board is comprised of the following administrative judges:

G. Paul Bollwerk, Chairman, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, DC 20555

Charles N. Kelber, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, DC 20555

Peter S. Lam, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, DC 20555

All correspondence, documents and other materials shall be filed with the Judges in accordance with 10 CFR § 2.701.

Issued at Rockville, MD, this 14th day of June 1996.

B. Paul Cotter, Jr.

Chief Administrative Judge, Atomic Safety and Licensing Board Panel.

[Docket Nos. 50-029, 50-312, 50-344, 50-206; License Nos. DPR-3, DPR-54, NPF-1, DPR-13]

Yankee Atomic Electric Co., Sacramento Municipal Utility District, Portland General Electric Co., and Southern California Edison Co.; Receipt of a Petition for, and Issuance of, a Director's Decision under 10 CFR 2.206

Notice is hereby given that by a letter dated April 1, 1996, Citizens Awareness Network, Nuclear Information and Resource Service, and nine other organizations¹ (Petitioners) requested action pursuant to 10 CFR 2.206 to modify the possession-only licenses of the Yankee Nuclear Power Station (or Yankee Rowe), Rancho Seco Nuclear Generating Station, Trojan Nuclear Plant, and San Onofre Nuclear Generating Station, Unit 1, licensed respectively to the Yankee Atomic Electric Company (YAEC), Sacramento Municipal Utility District, Portland General Electric Company, and Southern California Edison Company (Licensees). The Petitioners request that the U.S. Nuclear Regulatory Commission (NRC) take emergency action to require a collaborative effort by the licensees of the four nuclear power plants to document and research radiation embrittlement of reactor pressure vessels (RPVs) as an age-related deterioration phenomenon. Specifically, Petitioners request that the NRC: (1) Suspend the current plan by Yankee Atomic Electric Company (YAEC) for the removal, transport, and burial of the Yankee Rowe RPV; (2) require the licensees of the four permanently closed reactors, who are now developing plans to remove, transport, and bury their respective RPVs, to suspend such operations; and (3) require the owners of the four nuclear power plants to present substantial metal and weld specimens from their respective RPVs to the NRC for analysis in order to study and materially archive the radiation embrittlement phenomenon.

As bases for their requests, Petitioners state that: (1) The four permanently closed reactors constitute a valuable asset for evaluating RPV embrittlement, (2) "boat" or scoop samples from the RPV could be retrieved with minimal occupational radiation exposure, (3) data from boat samples could be used to verify the veracity of simulated
