**Proposed Project**

Evaluation of the kiosk-based ChoiceCard. The purpose of the ChoiceCard project is to develop a kiosk-based automated application to assist Medicaid recipients in selecting and enrolling in a health plan. The proposed data collection will provide an assessment of the usability of the kiosk-based automated application in Medicaid eligibility offices and provide an assessment of the application by Medicaid recipients. The application will be assessed in terms of its effectiveness in helping the recipient identify/select a personal doctor (PCP/OB/Gyn), learn with which plan(s) a particular doctor is affiliated, understand benefits coverage, understand managed care concept and requirements, identify/select a plan that meets their needs, and enroll in a plan. Burden estimates follow:

|                                  | Consumer   |
|----------------------------------|------------|
| No. of respondents .....         | 200.       |
| No. of surveys per respondent    | 1.         |
| Average burden/response .....    | .25 hours. |
| Estimated total burden/response. | 50 hours.  |

Copies of these data collection plans and instruments can be obtained from the AHCPR Reports Clearance Officer (see above for details).

**Health Resources and Services Administration**

**Maternal and Child Health Bureau;  
Special Project Grants; Maternal and  
Child Health (MCH) Services;  
Community Integrated Service  
Systems (CISS) Set-Aside Program;  
Community-Based Intervention  
Research Grants**

**AGENCY:** Health Resources and Services  
Administration (HRSA).

**ACTION:** Notice of availability of funds.

**SUMMARY:** The HRSA announces that applications will be accepted for fiscal year (FY) 1996 funds for Maternal and Child Health (MCH) Community Integrated Service Systems (CISS) grants to support community-based intervention research. The purpose of these projects is to support research on CISS-sponsored early intervention services programs in the context of developing and expanding local service delivery systems. Awards are made under the program authority of Section 502(b)(1)(A) of the Social Security Act, the CISS Federal Set-Aside Program. Within the HRSA, CISS projects are administered by the Maternal and Child Health Bureau (MCHB).

About \$900,000 will be available to support up to 3 new projects at an average of about \$300,000 per award per year. The actual amounts available for awards and their allocation may vary, depending on the volume and quality of applications. Awards are made for grant periods of not more than 4 years in duration. Funds are appropriated by Public Law 104-134.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity for setting priority areas. The CISS Federal Set-Aside Program addresses issues related to the *Healthy People 2000* objectives of

improving maternal, infant, child and adolescent health and developing service systems for children with special health care needs. Potential applicants may obtain a copy of *Healthy People 2000* (Full Report: Stock No. 017-001-00474-0) or *Healthy People 2000* (Summary Report: Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325 (telephone: 202 783-3238).

The PHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children.

**ADDRESSES:** Grant applications for MCH research and training grants must be obtained from and submitted to: Chief, Grants Management Branch, Office of Operations and Management, Maternal and Child Health Bureau, Health Resources and Services Administration, Room 18-12, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443-1440. Applicants for these projects will use application Form PHS 398 (Rev. 5/95), approved by the Office of Management and Budget (OMB) 0925-0001. An MCHB supplement, with instructions specifically applicable to Community-Based Intervention Research Grants, is included in the application package, which can be obtained from the address given above. You must obtain application materials in the mail.

Federal Register notices and application guidance for MCHB programs are available on the World Wide Web via the Internet at address: <http://www.os.dhhs.gov/hrsa/mchb>. Click on the file name you want to download to your computer. It will be saved as a self-extracting (Macintosh or) Wordperfect 5.1 file. To decompress the file once it is downloaded, type in the file name followed by a <return>. The file will expand to a Wordperfect 5.1 file. If you have difficulty accessing the MCHB Home Page via the Internet and need technical assistance, please contact Linda L. Schneider at 301-443-0767 or “lschneider@hrsa.ssw.dhhs.gov”.

**DATES:** Potential applicants are invited to request application packages and to submit their applications for funding consideration. The application deadline is August 26, 1996.

Applications will be considered to have met the deadline if they are either: (1) received on or before the deadline date, or (2) postmarked on or before the deadline date and received in time for orderly processing. Applicants should request a legibly dated receipt from a commercial carrier or the U.S. Postal Service, or obtain a legibly dated U.S. Postal Service postmark. Private metered postmarks will not be accepted as proof of timely mailing. Late applications or those sent to an address other than specified in the ADDRESS section will be returned to the applicant.

**FOR FURTHER INFORMATION CONTACT:** For programmatic or technical information, contact Dr. Gontran Lamberty, Director, MCH Research Program, Research and Training Branch, MCHB, 5600 Fishers Lane, Room 18A-55, Rockville, MD 20857, telephone: 301 443-2190. For information concerning business management issues, contact Ms. Constance Davenport, Grants Management Branch, MCHB, Room 18-12, 5600 Fishers Lane, Rockville, MD, telephone 301 443-1440.

#### **SUPPLEMENTARY INFORMATION:**

##### **1. Program Background and Objectives**

The purpose of the Community-Based Intervention Research Grant projects covered by this announcement is to generate new knowledge on early intervention services models and on how to integrate these models into existing systems of care at the community level while sustaining the essential nature and demonstrated effectiveness of the original prototypes.

*Intervention* is the name given to a variety of programs and clinical management approaches designed to improve adverse conditions in individuals and groups or prevent or limit these conditions. From the standpoint of research, interventions are scientific experiments in which an investigator, through a particular effort, treatment, or program, seeks to purposively influence an outcome or outcomes in an individual or group under controlled conditions. Intervention studies may also be viewed as prospective, formal investigations of prototypes of programs or subcomponents of programs (e.g., outreach, one-stop shopping or home visiting). These prototypes, if proven effective under controlled conditions, are then ready for further testing and refinement in real-life settings.

##### **2. Special Concerns**

In its administration of the MCH Services Block Grant, the MCHB places

special emphasis on improving service delivery to women and children from racial and ethnic minority populations who have had limited access to accessible care. This means that CISS projects are expected to serve and appropriately involve in project activities individuals from the populations to be served, unless there are compelling programmatic or other justifications for not doing so. The MCHB's intent is to ensure that project interventions are responsive to the cultural and linguistic needs of special populations, that services are accessible to consumers, and that the broadest possible representation of culturally distinct and historically underrepresented groups is supported through programs and projects sponsored by the MCHB. This same special emphasis applies to improving service delivery to children with special health care needs.

In keeping with the goals of advancing the development of human potential, strengthening the Nation's capacity to provide high quality education by broadening participation in MCHB programs of institutions that may have perspectives uniquely reflecting the Nation's cultural and linguistic diversity, and increasing opportunities for all Americans to participate in and benefit from Federal public health programs, a funding priority will be placed on projects from Historically Black Colleges and Universities (HBCU) or Hispanic Serving Institutions (HSI) in all categories and subcategories in this notice for which applications from academic institutions are encouraged. An approved proposal from a HBCU or HSI will receive a 0.5 point favorable adjustment of the priority score in a 5=point range before funding decisions are made.

##### **3. Project Review and Funding**

Within the limit of funds determined by the Secretary to be available for the activities described in this announcement, the Secretary will review applications for funds as competing applications and may award Federal funding for projects which will, in her judgment, best promote the purpose of title V of the Social Security Act, with special emphasis on improving service delivery to women and children from culturally distinct populations; best address achievement of *Healthy People 2000* objectives related to maternal, infant, child and adolescent health and service systems for children at risk of chronic and disabling conditions; and otherwise best

promote improvements in maternal and child health.

##### **4. Criteria for Review**

The criteria which follow are used, as pertinent, to review and evaluate applications for CISS awards announced in this notice. Further guidance in this regard is supplied in application guidance materials, which may specify other criteria.

- The quality of the project plan or methodology.
- The need for the research or training.
- The extent to which the project will contribute to the advancement of maternal and child health and/or improvement of the health of children with special health care needs;
- The extent to which the project is responsive to policy concerns applicable to MCH grants and to program objectives, requirements, priorities and/or review criteria for specific project categories, as published in program announcements or guidance materials.
- The extent to which the estimated cost to the Government of the project is reasonable, considering the anticipated results.
- The extent to which the project personnel are well qualified by training and experience for their roles in the project and the applicant organization has adequate facilities and personnel.
- The extent to which, insofar as practicable, the proposed activities, if well executed, are capable of attaining project objectives.
- The strength of the project's plans for evaluation.
- The extent to which the project will be integrated with the administration of the MCH Block Grant, State primary care plans, public health, and prevention programs, and other related programs in the respective State(s).
- The extent to which the application is responsive to the special concerns and program priorities specified in this notice.

Comments on this notice which members of the public wish to make are welcome at any time and may be submitted to: Director, MCHB, at the address listed in the ADDRESSES section. Suggestions will be considered when priorities are developed for the next solicitation.

##### **5. Grants/Amounts**

A total of about \$900,000 per year will be available to support a maximum of 3 projects. The project period will not exceed 4 years.

**6. Eligible Applicants**

Applicants eligible to compete are public or nonprofit institutions of higher learning and public or nonprofit private agencies and organizations engaged in research or in maternal and child health or children with special health care needs programs.

**7. Public Health System Reporting Requirements**

This program is subject to the Public Health System Reporting Requirements (approved under OMB No. 0937-0195). Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to state and local health officials to keep them apprised of proposed health services grant applications submitted by community-based nongovernmental organizations within their jurisdictions. Community-based nongovernmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt date: (1) A copy of the face page of the application (PHS-398 (Rev. 5/95)); (2) a summary of the project PHSIS, not to exceed one page, which provides a description of the population to be served, a summary of the services to be provided, and a description of the coordination planned with the appropriate State and local health agencies.

**8. Executive Order 12372**

The CISS Federal Set-Aside Program has been determined to be a program which is not subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs.

The OMB Catalog of Federal Domestic Assistance number is 93.110.

Dated: July 1, 1996.
