PECO Energy Company; Notice of Filing

July 15, 1996.

Take notice that on June 12, 1996, PECO Energy Company (PECO) filed a Service Agreement dated June 4, 1996 with Carolina Power and Light Company (CP&L) under PECO's FERC Electric Tariff, First Tariff Volume No. 4 (Tariff). The Service Agreement adds CP&L as a customer under the Tariff.

PECO requests an effective date of June 4, 1996, for the Service Agreement.

PECO states that copies of this filing have been supplied to CP&L and to the Pennsylvania Public Utility Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before July 25, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. ER96-2336-000]

Southern Indiana Gas and Electric Company; Notice of Filing

July 15, 1996.

Take notice that on July 5, 1996, Southern Indiana Gas and Electric Company (Southern Indiana), tendered for filing an optional Rate Schedule RS2 for full requirements service to the Cities of Boonville, Huntingburg, Ferdinand and Tell City, Indiana under Rate Schedule FERC Nos. 34.35, 36 and 37, respectively.

Southern Indiana indicates that the purpose of this filing is to allow the Cities to receive service under an optional Rate Schedule RS2 which

establishes a new term, fixes the Capacity and Base Energy charges at present rate levels for a five year period commencing on the effective date of the agreement. Southern Indiana has filed new Riders which are applicable for the Cities choosing to take service under the optional Rate Schedule RS2 which allow cities' end-use customers to receive incentives and/or bill credits for complying with the provisions of Southern Indiana's retail rate riders for "Efficiency Incentives" and "Interruptible Power".

The proposed revisions reflect a desire on the part of both parties to provide for the supply of power at more stable rates and other provisions to maximize the benefit from the interconnection of their systems. The revisions do not result in any increase in rates.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before July 26, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. CP96-629-000]

Texas Eastern Transmission Corporation; Notice of Application for Abandonment

July 15, 1996.

Take notice that on July 5, 1996, Texas Eastern Transmission Corporation (Texas Eastern), P.O. Box 1642, Houston, Texas 77521-1642, filed an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for an order granting permission and approval to abandon five transportation agreements on file with the Commission in its FERC Gas Tariff, Original Volume No. 2. Texas Eastern states that this abandonment of service is in the public interest and will have no effect on any existing customer,

all as more fully set forth in the application which is on file with the Commission and open to public inspection.

In its application, Texas Eastern requests authorization to abandon five transportation agreements (and their respective rate schedules) with Tennessee Gas Pipeline Company (Rate Schedule X-100), El Paso Natural Gas Company (Rate Schedule X-101), Transcontinental Gas Pipe Line Corporation (Rate Schedule X-102), Southern Natural Gas Company (X-103), and Florida Gas Transmission Company (X-104). Texas Eastern entered into these transportation agreements to transport gas purchased and received from Border Gas, Inc. (Border Gas). Texas Eastern and the above-named shippers formed Border Gas to purchase up to 300,000 Mcf per day of imported gas from Petroleos Mexicanos (PEMEX) at the U.S.-Mexico border. Texas Eastern states that PEMEX suspended sales to Border Gas on November 1, 1984 and has not offered to sell gas to Border Gas since that time. Accordingly, no gas has been transported by Texas Eastern under the referenced transportation agreements. Texas Eastern also states that restructuring under Order No. 636 is incompatible with the bundled merchant service underlying the Border Gas project. Texas Eastern states that no facilities will be abandoned.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 5, 1996, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission

on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Texas Eastern to appear or to be represented at the hearing.

Lois D. Cashell,

Secretary.
