SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. Applicant

Bee Cave Oaks Development, Inc. plans to construct 186 residential lots and preserve approximately 58 acres of greenbelt areas within the 347-acre tract. The construction will be located at The Seven Oaks Ranch Property, located along Bee Cave Road (Highway 2244) between River Hills and Cuernavaca Roads in Austin, Travis County, Texas. This action will eliminate approximately 240 acres of habitat and six warbler territories. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by purchasing 73 acres of high quality habitat in the Vaughn Tract, located north of F.M. 2769, roughly 1.6 miles west of its intersection with Bullick Hollow Road, within the Cypress Creek macrosite preserve area of the Balcones Canyonlands Conservation Plan area, in Travis County. The land will be donated to the Lower Colorado River Authority and funding will be provided for operation and maintenance of the acquired habitat.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Nancy M. Kaufman,
Regional Director, Region 2, Albuquerque, New Mexico.
