[Docket No. CP96-630-000]

Mississippi Valley Gas Company v. Texas Gas Transmission Corporation; Notice of Complaint

July 18, 1996.

Take notice that on July 9, 1996, Mississippi Valley Gas Company (Mississippi Valley), P.O. Box 3348, Jackson, Mississippi 39207-3348, filed with the Commission in Docket No. CP-96-630-000 a complaint pursuant to Rule 206 of the Commission's rules of practice and procedure (18 CFR 385.206(a)) against Texas Gas Transmission Corporation (Texas Gas).

Mississippi Valley complains of the Texas Gas May 30, 1996, declared intention (filed in its pending Docket No. CP96-104-000 bypass case under the Natural Gas Act) to construct a delivery point under the Natural Gas Policy Act of 1978 to bypass Mississippi Valley's longstanding natural gas services to an end-user, USG Interiors, Inc. (Interiors) in Greenville, Mississippi. Mississippi Valley states that in the May 30, 1996 filing Texas Gas reports that Interiors has arranged to purchase and receive gas to be transported under NGPA Section 311 and that Texas Gas says it intends to construct the delivery point at issue under supposed NGPA Section 311 authority. Mississippi Valley states that any attempt to construct such a delivery point would be illegal and should be rejected.

Mississippi Valley concludes that the Texas Gas May 30, 1996 filing at Docket No. CP96-104-000 should be rejected in its entirety and in all respects and that Texas Gas lawfully may not construct the subject facilities under Section 311. Mississippi Valley further states that in lieu of acquiescing in that filing, the Commission should proceed with reasoned analysis of Texas Gas' pending December 15, 1995, CP96-104 proposal to bypass Mississippi Valley Gas Company's existing service to Interiors.

Any person desiring to be heard or to make a protest with reference to Mississippi Valley's complaint should file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or protest in accordance with the Commissions Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions, together with the answer of Respondent to the complaint and motions should be filed on or before August 19, 1996. Any person desiring to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and available for public inspection.

Secretary.

The proposed effective date of the tariff sheets is August 1, 1996.

On June 19, 1996 Transco filed a Stipulation and Agreement (Agreement) in Docket Nos. RP95-197, *et al.* which, among other things, resolves Transco's cost of service, overall throughput level and mix of throughput for the Docket No. RP95-197 rate period commencing September 1, 1995. Article IV of the Agreement provides that, in order to implement the settlement rates as early as practical, Transco will file to request Commission authority to place the settlement rates in effect as of the first day of the first month following at least 30 days after the Agreement is filed (i.e. to be effective August 1, 1996).

Transco also agreed to include as part of such filing a request to make effective as of the same date "latest estimated allocated data" procedures as provided in Article V, Section I of the Agreement. Consistent with, and subject to, Articles IV and VII of the Agreement, the instant filing proposes to implement, subject to certain conditions, the settlement rates effective August 1, 1996. Additionally, the filing proposes to implement effective August 1, 1996 tariff provisions regarding "latest estimated allocated data".

Transco states that copies of the filing are being mailed to each of its customers, State Commissions and other interested parties.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are

available for public inspection in the Public Reference Room.
