

requirements, such as producer eligibility and payment limitation files, are automated, which decreases burden hours.

*Estimate of Burden:* Public reporting burden for this information collection is estimated to average 14 minutes per response.

*Respondents:* Cooperatives, farms, or business organizations.

*Estimated Number of Respondents:* 103.

*Estimated Number of Responses per Respondent:* 144.

*Estimated Total Annual Burden on Respondents:* 26,458 hours.

Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be sent to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503 and to James K. Tegeler, Program Specialist, Price Support Division, Farm Service Agency, USDA, STOP 0512, P.O. Box 2415, Washington, D.C. 20013-2415; telephone (202) 720-3110. Copies of the information collection may be obtained from James Tegeler at the above address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Signed at Washington, DC, on July 31, 1996.

Bruce R. Weber,

*Acting Executive Vice President, Commodity Credit Corporation.*

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Current Population Survey—Basic Demographic Items.

*Legal Authority:* 13 U.S.C. 182.

*Form Number(s):* CPS-263, CPS-264, BC-1428, BC-1433.

*Agency Approval Number:* 0607-0049.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 15,168.

*Number of Respondents:* 48,000.

*Avg Hours Per Response:* 1.58 minutes.

*Needs and Uses:* The Current Population Survey (CPS) is a monthly survey conducted in approximately 48,000 households throughout the United States. Data on demographic and labor force characteristics are collected from a sample of households which represent the U.S. population. Households remain in the sample for 2 years and are interviewed 8 times over that period. The basic monthly questionnaire is periodically supplemented with additional questions which address specific needs. The Bureau of the Census uses the data to compile monthly averages of household size and composition, age, education, ethnicity, marital status and various other characteristics at the U.S. level.

The Bureau of Labor Statistics (BLS) sponsors and will request separate clearance for the labor force portion of the CPS. BLS uses this data in their monthly calculations of employment and unemployment. This request is for clearance of basic demographic items such as age, marital status, sex, Armed Forces status, education, race, origin, family income, and country of birth. These basic demographic questions are asked of household members in the first interview and are updated during remaining interviews. The demographic items provide the basic demographic descriptions for the survey population.

*Affected Public:* Individuals or households.

*Frequency:* Monthly.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:* Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, Room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 30, 1996.

Linda Engelmeier,

*Acting Departmental Forms Clearance Officer, Office of Management and Organization.*

### Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Current Population Survey—November 1996 Voting and Registration Supplement.

*Legal Authority:* 13 U.S.C. 182.

*Form Number(s):* None.

*Agency Approval Number:* 0607-0466.

*Type of Request:* Reinstatement, with change, of a previously approved collection for which approval has expired.

*Burden:* 1,200 hours.

*Number of Respondents:* 48,000.

*Avg Hours Per Response:* 1.5 minutes.

*Needs and Uses:* The November Voting and Registration Supplement to the Current Population Survey (CPS) is conducted once every two years. Data are collected on voter and nonvoter behavior and correlated with demographic characteristics. We will collect this data as part of the November 1996 CPS through a series of questions which will be part of the automated CPS instrument. The supplement yields statistics on voter and nonvoter characteristics and current voter trends which are useful for election officials who formulate policies relating to the voting and registration process. These data enable policymakers to keep up-to-date with issues such as changes in voter participation based on such characteristics as age, sex, race, ethnicity, and educational attainment. Data are used by colleges, political party committees, research groups, and other private organizations. The November 1996 collection will include the same questions asked previously and will include two additional items on motor-voter registration.

*Affected Public:* Individuals or households.

*Frequency:* Biennially.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:* Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer (202) 482-3272, Department of Commerce, Room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503

Dated: July 30, 1996.

Linda Engelmeier,

*Acting Department Forms Clearance Officer,  
Office of Management and Organization.*

## **International Trade Administration [A-588-703]**

### **Certain Internal-Combustion, Industrial Forklift Trucks From Japan; Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Preliminary Results of Antidumping Duty Administrative Review.

**SUMMARY:** In response to requests from interested parties, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain internal-combustion, industrial forklift trucks from Japan. The review covers three manufacturers/exporters of the subject merchandise to the United States during the period June 1, 1993 through May 31, 1994.

We have preliminarily determined that sales have been made below foreign market value (FMV). If these preliminary results are adopted in our final results of the administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the United States price (USP) and FMV.

We invite interested parties to comment on these preliminary results. Parties who submit comments in these proceedings are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument.

**EFFECTIVE DATE:** August 6, 1996.

**FOR FURTHER INFORMATION CONTACT:** Davina Hashmi or Thomas Barlow of Import Administration, International Trade Administration, U.S. Department of Commerce, Washington, D.C. 20230; telephone (202) 482-4733.

**SUPPLEMENTARY INFORMATION:** Unless otherwise indicated, all citations to the statute and to the Department's regulations are references to the provisions as they existed on December 31, 1994.

#### **Background**

On June 7, 1988, the Department published in the Federal Register (53 FR 20882) the antidumping duty order on certain internal-combustion, industrial forklifts from Japan. On June 7, 1994, the Department published a notice of "Opportunity to Request an Administrative Review" (59 FR 29411). Petitioners requested that we conduct a review of three respondents, Nissan Motor Company (Nissan), Toyota Motor

Corporation (TMC), and Toyo Umpanki Company, Ltd (TCM). On July 15, 1994, we initiated an administrative review of this order for the period June 1, 1993, through May 31, 1994 (59 FR 36160). The Department is now conducting this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

#### **Scope of Review**

The products covered by this review are certain internal-combustion, industrial forklift trucks, with lifting capacity of 2,000 to 15,000 pounds. The products covered by this review are further described as follows: Assembled, not assembled, and less than complete, finished and not finished, operator-riding forklift trucks powered by gasoline, propane, or diesel fuel internal-combustion engines of off-the-highway types used in factories, warehouses, or transportation terminals for short-distance transport, towing or handling of articles. Less than complete forklift trucks are defined as imports which include a frame, by itself or a frame assembled with one or more component parts. Component parts of the subject forklift trucks which are not assembled with a frame are not covered by this order. This merchandise is currently classifiable under the Harmonized System (HTS) item numbers 8427.20.00, 8427.90.00, and 8431.20.00. The HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

#### **Such or Similar Comparisons**

In this administrative review, respondents made no sales of identical merchandise in the home and U.S. market. Therefore, for all respondent companies, pursuant to section 771(16) of the Act, we established categories of "such or similar" merchandise on the basis of load (lifting) capacity of the forklift. Within these categories, we based our product comparisons on six primary characteristics, to which we assigned "points" indicating their relative importance. These characteristics and their point totals are as follows: tire type, 6 points; upright style, 5 points; engine type, 4 points; transmission type, 3 points; maximum forklift height, 2 points; engine size, 1 point. If no matches were found at the 21-point level at the exact or same load capacity, then matches of forklift trucks were found with tire type taking preference. For a more detailed description of the product matching criteria, see Section VII of the Department's Questionnaire, June 16, 1995, Product Comparisons
