Administration (FAA), DOT.

**ACTION:** Notice of Proposed Amendment to Criteria for Certification of Explosives Detection Systems.

**SUMMARY:** The FAA is proposing to amend the current Criteria for Certification of Explosives Detection Systems (hereafter referred to as "Criteria"). This action is responsive to 49 U.S.C. 44913 [Formerly Section 108 of the Aviation Security Improvement Act of 1990,

Public Law 101-604], which requires the Administrator to certify, prior to mandating its deployment, that EDS equipment "can detect under realistic air carrier operating conditions the amounts, configurations, and types of explosive material which would be likely to be used to cause catastrophic damage to commercial aircraft."
