The preferred alternative is a decentralized wastewater collection and treatment system for population centers using an engineered wetlands treatment process. This alternative involves the use of pressure or gravity collection systems to convey wastewater to multiple engineered wetland treatment facilities. Collection and conveyance technologies considered for this option will be the same as those analyzed for the centralized treatment facility option. Treatment alternatives for the engineered wetland treatment process option will include land application (spray irrigation) of treated effluent followed by surface water discharges into a receiving stream or discharge into subsurface absorption basins.

Other project alternatives were identified in feasibility studies conducted for LaGrange County Sewer District. These alternatives, although viable, were not chosen as the preferred alternative. The alternatives are: (1) No Action Alternative. This alternative continues the use of on-site water disposal systems. This option would not address the present public health concerns or the continued degradation of the County's surface and ground water. (2) Centralized Wastewater Collection and Treatment for all County Residents Using Conventional Wastewater Treatment. This option would use either pressure or gravity collection systems to convey wastewater to a centralized treatment facility. Collection and conveyance alternatives analyzed for this option include: small diameter gravity systems; small diameter pressure systems using single connection effluent grinder pumps; and conventional gravity collector lines connected to pressure lines. Activated sludge process alternatives considered for this option included: Oxidation ditches and extended aeration. This option, by far, has the highest unit cost. (3) Centralized Wastewater Collection and Treatment for All County Residents Except for Residents in Remote Locations Using Conventional Activated Sludge Waste Treatment Processes. This alternative involves providing sewage collection and treatment services for all LaGrange County residents except those located in isolated regions. This option would use the same collection and treatment technologies as the option providing wastewater treatment for all of LaGrange County. Cost savings over serving the entire county would be realized because of the high unit cost of serving remote residences.

Public Meeting

A public meeting to solicit review comments will be held on February 23, 1996 at the LaGrange County Office Building, 114 West Michigan Street, LaGrange, IN 46761 at 7:30 pm. Action Affecting Export Privileges; Ronald J. Hoffman

Order Denying Permission To Apply For Or Use Export Licenses

In the Matter of: Ronald J. Hoffman, 523 Vallejo Street, San Francisco, California 94133.

On April 20, 1992, Ronald J. Hoffman (Hoffman) was convicted in the United States District Court for the Central District of California of violating Section 38 of the Arms Export Control Act (22 U.S.C.A. § 2778 (1990 & Supp. 1995)) (the AECA), among other crimes. Specifically, Hoffman was convicted of exporting items controlled on the U.S. Munitions list, including technical data directly related to the Strategic Defense Initiative and other missile technology, to Japan, Germany, and South Africa without obtaining the required export license or written approval from the U.S. Department of State and of failing to register as a defense exporter with the

U.S. Department of State, Office of Defense Trade Controls.

Section 11(h) of the Export Administration Act of 1979, as amended (50 U.S.C.A. app. §§ 2401–2420 (1991 & Supp. 1995)) (the Act),¹ provides that, at the discretion of the Secretary of Commerce,² no person convicted of violating the AECA, or certain other provisions of the United States Code, shall be eligible to apply for or use any export license issued pursuant to, or provided by, the Act or the Export Administration Regulations (currently codified at 15 C.F.R. Parts 768–799 (1995)) (the Regulations) for a period of up to 10 years from the date of the conviction. In addition, any export license issued pursuant to the Act in which such a person had any interest at the time of conviction may be revoked.

Pursuant to Sections 770.15 and 772.1(g) of the Regulations, upon notification that a person has been convicted of violating the AECA, the Director, Office of Export Licensing, in consultation with the Director, Office of Export Enforcement, shall determine whether to deny that person permission to apply for or use any export license issued pursuant to, or provided by, the Act and the Regulations, and shall also determine whether to revoke any export license previously issued to such a person.

Having received notice of Hoffman's conviction for violating the AECA, and following consultations with the Director, Office of Export Enforcement, I have decided to deny Hoffman permission to apply for or use any export license, including any general license, issued pursuant to, or provided by, the Act and the Regulations, for a period of 10 years from the date of his conviction. The 10-year period ends on April 20, 2002. I have also decided to revoke all export licenses issued pursuant to the Act in which Hoffman had an interest at the time of his conviction.

Accordingly, it is hereby

Ordered

I. All outstanding individual validated licenses in which Hoffman appears or participates, in any manner or capacity, are hereby revoked and shall be returned forthwith to the Office of Exporter Services for cancellation. Further, all of Hoffman's privileges of participating, in any manner or capacity, in any special licensing procedure, including, but not limited to, distribution licenses, are hereby revoked.

II. Until April 20, 2002, Ronald J. Hoffman, 523 Vallejo Street, San Francisco, California 94133, hereby is denied all privileges of participating, directly or indirectly, in any manner or capacity, in any transaction in the United States or abroad involving any commodity or technical data exported or to be exported from the United States, in whole or in part, and subject to the Regulations. Without limiting the generality of the foregoing, participation, either in the United States or abroad, shall include participation, directly or indirectly, in any manner or capacity: (i) as a party or as a representative of a party to any export license application submitted to the Department; (ii) in preparing or filing with the Department any export license application or request for reexport authorization, or any document to be submitted therewith; (iii) in obtaining from the Department or using any validated or general export license, reexport authorization or other export control document; (iv) in carrying on negotiations with respect to, or in receiving, ordering, buying, selling, delivering, storing, using, or disposing of, in whole or in part, any commodities or technical data exported or to be exported from the United States, and subject to the Regulations; and (v) in financing, forwarding, transporting, or other servicing of such commodities or technical data.

III. After notice and opportunity for comment as provided in section 770.15(h) of the Regulations, any person, firm, corporation, or business organization related to Hoffman by affiliation, ownership, control, or position of responsibility in the conduct of trade or related services may also be subject to the provisions of this Order.

IV. As provided in section 787.12(a) of the Regulations, without prior disclosure of the facts to and specific authorization of the Office of Export Licensing, in consultation with the Office of Export Enforcement, no person may directly or indirectly, in any manner or capacity: (i) apply for, obtain, or use any license, Shipper's Export

Declaration, bill of lading, or other export control document relating to an export or reexport of commodities or technical data by, to, or for another person then subject to an order revoking or denying his export privileges or then excluded from practice before the Bureau of Export Administration; or (ii) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport, finance, or otherwise service or participate: (a) in any transaction which may involve any commodity or technical data exported or to be exported from the United States; (b) in any reexport thereof; or (c) in any other transaction which is subject to the Export Administration Regulations, if the person denied export privileges may obtain any benefit or have any interest in, directly or indirectly, any of these transactions.

V. This Order is effective immediately and shall remain in effect until April 20, 2002.

VI. A copy of this Order shall be delivered to Hoffman. This Order shall be published in the Federal Register.
