Corporation) announces the convening of a meeting to be held on September 19, 1996, at 11:00 a.m. in the Corporation's Washington Office. Members of the public are invited to participate.

DATES: The meeting will be held on September 19, from 11:00 a.m. to 12:30 p.m.

ADDRESSES: The meeting will be held at the Corporation for National Service, 1201 New York Avenue, NW, 8th Floor, Room 8410, Washington, DC 20525. Please RSVP to (202) 606-5000 ext. 260.

FOR FURTHER INFORMATION CONTACT: For further information, contact Rhonda Taylor, Associate Director of Special Projects and Initiatives, Corporation for National Service at (202) 606-5000, ext. 282. TTD Number: (202) 606-5256. This notice may be requested in an alternative format for the visually impaired.

SUPPLEMENTARY INFORMATION: The Corporation is a federal government corporation that engages Americans of all ages and backgrounds in community-based service. This service addresses the nation's educational, public safety, human, and environmental needs to achieve direct and demonstrable results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service.

The Corporation seeks to expand opportunities for individuals to serve as AmeriCorps Members and earn educational benefits, broaden the network of national service programs and strategies, and increase the number of communities joining with AmeriCorps to better meet their needs. Accordingly, the Corporation announced the availability of up to 5,000 education awards from the National Service Trust through a simplified application process for community service programs that can support all or most other program and Member support costs through other sources of funding. The education awards being made available may be earned by AmeriCorps Members successfully completing Full-time or Part-time terms in a community service program approved through the application process. Additional information about this program is contained in the Corporation's Notice of

Availability of Educational Awards in the Federal Register of Wednesday, September 4, 1996.

The National Service Scholarship Program was created to recognize high school juniors and seniors engaged in outstanding community service. Students selected for recognition will receive locally-funded scholarships, matched or supplemented with federal funds provided by the Corporation. Of the National Service Scholars, a small number selected at the State level will receive special recognition and larger scholarships, and an even smaller number selected at the national level will receive special recognition and still larger scholarships. The Corporation's goal in this effort is to highlight the outstanding community service performed by high school students across the country, to recognize the particularly noteworthy service accomplishments of outstanding young individuals, and to assist those individuals in pursuing higher education. In order to accomplish this, the Corporation is interested in selecting an organization to provide administrative and technical support related to this program. Additional information about this program is contained in the Corporation's Notice of Availability of Funds in the Federal Register of Wednesday, September 4, 1996.

Dated: September 3, 1996.

Barry W. Stevens,

Acting General Counsel, Corporation for National and Community Service.

FOR FURTHER INFORMATION CONTACT: Ms. Shari Kiser, Federal Acquisition Policy Division, GSA (202) 501-2164.

SUPPLEMENTARY INFORMATION:

A. Purpose

The interim rule amends the Federal Acquisition Regulation to implement changes in the numbering system used by the Government to identify contractors in reporting to the Federal Procurement Data System. The rule substitutes the Data Universal Numbering System (DUNS) number for the current Contractor Establishment Code.

Concerns have been raised that the same numbering system should be used for reporting to the Federal Procurement Data System (FPDS) and identifying vendors in the FACNET vendor registration database. The Office of Federal Procurement Policy has determined that the DUNS number will be used for Federal Procurement Data System reporting purposes and to identify vendors in the FACNET vendor registration database. Beginning with FY 1996 first quarter submissions to the Federal Procurement Data Center, agencies may report the DUNS number.

The Federal Procurement Data System (FPDS) provides a comprehensive mechanism for assembling, organizing, and presenting contract placement data for the Federal Government. Federal agencies report data to the Federal Procurement Data Center which collects, processes, and disseminates official statistical data on Federal contracting. The Data Universal

Numbering System (DUNS) number is replacing the current Contractor Establishment Code as the primary contractor identification number used to identify contractors in the Federal Procurement Data System. Changes to the FPDS reporting requirements are currently in process to conform to the requirements of Section 10004 of the Federal Acquisition Streamlining Act.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average *5 minutes* per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The annual reporting burden is estimated as follows: Respondents *50,400*; responses per respondent, *4*; total annual responses, *201,600*; preparation hours per response, *.0166* hours; and total response burden hours, *4,147*.

Obtaining Copies of Justifications: Requester may obtain copies of justifications from the General Services Administration, FAR Secretariat (MVR), Room 4035, Washington, DC 20405, telephone (202) 501-2164. Please cite FAR case 95-307, Use of Data Universal Numbering System (DUNS) as Primary Contractor Identification, in all correspondence.

Dated: September 5, 1996.
