

2. Procedure To Be Followed for Pesticides for Which There Are Currently No Proposed or Adopted Codex MRLs

a. For pesticides and food commodities that fall into this category and meet the criteria in part 1, it is necessary to complete the form in the appendix to this notice. Persons that do not own the data for the pesticide in question, must consult with the owner about the existence of sufficient toxicological and residue data; confirm the owner's commitment to submit these data to the JMPR and in what year; and seek assistance in completing the form.

b. Either the owner of the data or other interested persons may submit the completed form and confirmed commitment to submit necessary data to the U.S.—CCPR Delegation for consideration as a candidate for the CCPR's priority list. If the U.S. Delegation agrees, the form, along with an official transmittal letter and data commitment (also in writing), will be forwarded to the Working Group on Priorities.

c. The completed nomination may be submitted to the U.S. Delegation at any time; however, in order for the delegation to review the submission and forward it to the Working Group on Priorities in time for the upcoming session of the CCPR, the U.S. Delegate must receive the completed form and data commitment by the end of a calendar year. (The WHO component of the JMPR schedules new pesticides for toxicological evaluations two years in advance and the FAO component, one year in advance.)

3. Procedure To Be Followed for Pesticides for Which Codex MRLs Are Proposed or Adopted

a. The criteria listed in part 1 must be met for each food commodity for which a Codex MRL is being sought.

b. For an interested person who did not develop the required data for the pesticide food commodity in question, it is necessary to consult with the person who developed the required data to ascertain the existence of sufficient residue data and obtain the commitment that such data will be available for submission to JMPR at an appropriate time.

c. Either person identified in paragraph 3b may submit a written proposal to the U.S.—CCPR Delegation requesting that a Codex MRL be developed for each additional pesticide—food combination. The delegation will consider each request, and if the criteria are met, will submit it directly to the FAO Joint Secretary of the JMPR. The timing of the submission of the data for evaluation will be determined by the FAO Joint Secretary.

In accordance with sections 353.22(a) and 355.22(a) of the regulations, an interested party as defined by section 353.2(k) may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 19 CFR 355.22(a) of the Department's Interim Regulations (60 FR 25137 (May 11, 1995)), an interested party must specify the individual producers or exporters covered by the order for which they are requesting a review. Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin, and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B-099, U.S. Department of Commerce, Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping Compliance, Attention: Pamela Woods, in room 3065 of the main Commerce Building. Further, in accordance with section 353.31(g) or 355.31(g) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the Federal Register a notice of "Initiation

of Antidumping (Countervailing) Duty Administrative Review," for requests received by February 29, 1996. If the Department does not receive, by February 29, 1996, a request for review of entries covered by an order or finding listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute, but is published as a service to the international trading community.

Dated: February 5, 1996.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.
