**Williams Natural Gas Company; Notice of Request Under Blanket Authorization**

September 23, 1996.

Take notice that on September 16, 1996, Williams Natural Gas Company (Applicant), P.O. Box 3288, Tulsa, Oklahoma 74101, filed in Docket No. CP96-789-000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act for authorization to utilize facilities originally installed for the delivery of NGPA Section 311 transportation gas to Brock Gas Systems & Equipment, Inc. (Brock) in Johnson County, Kansas, for purposes other than NGPA 311 transportation, under blanket certificate issued in Docket No. CP82-479-000,<sup>1</sup> all as more fully set forth in the request for authorization on file with the Commission and open for public inspection.

Applicant proposes to utilize existing NGPA Section 311 transportation facilities for other deliveries of gas to Brock. Applicant states the facilities were installed in April 1990, which was during the period of time when pipelines had the opportunity to convert transportation service from NGPA Section 311 to 284 blanket authorization. Applicant states the transportation service itself was converted; however, it neglected to seek authorization to convert the facilities as well. Applicant states the most recent delivered volume was 484 Dth on a peak day with 118,661 Dth delivered annually.

Applicant states the cost to construct the facilities was \$3,350, which was partially reimbursed by Brock. Applicant states that this change is not prohibited by its existing tariff and that it has sufficient capacity to accommodate the service proposed herein without detriment or disadvantage to its other customer.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. **Williams Natural Gas Company; Notice of Request Under Blanket Authorization**

September 23, 1996.

Take notice that on September 18, 1996, Williams Natural Gas Company (WNG), One Williams Center, Tulsa, Oklahoma 74101 filed in Docket No. CP96-799-000, a request pursuant to §§ 157.205 and 157.216(b) of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.216(b)) for authorization to abandon in place by sale to White Hawk Gas, Inc. (White Hawk), approximately 4.5 miles of the Hogshooter 16-inch pipeline located in Washington County, Oklahoma, under WNG's blanket certificate issued in Docket No. CP82-479-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

WNG explains that the Hogshooter line, originally installed in 1914 and certificated in Docket No. G-298, has been effectively converted to a low pressure delivery lateral. WNG states the sales price as \$17,846. WNG further indicates that the domestic customers served from the pipeline to be abandoned will be served by the local distribution company, Leann Gas.

WNG states that it has sent a copy of this request to the Oklahoma Corporation Commission.

WNG maintains that this request to abandon in place by sale is not prohibited by an existing tariff, and therefore this request complies with the requirements of subpart (b) of Section 157.205 of the Commission's regulations.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request.
