

and special operations, operates regionally in diverse markets across the United States. While it controls the nation's second largest group of motor passenger carriers,<sup>3</sup> Coach states that there is little competition, and no significant overlap in operations, among the 10 carriers it now controls and the five it seeks to control. It acknowledges that there is some overlap in services, but states that this overlap will have no meaningful effect on the continued availability of competitive transportation.

Following the acquisition of control, the five carriers will continue to operate in their respective markets, each under its own name and in the same basic manner as before. Coach claims that improved service at lower costs will result because of the coordination of functions, centralized management, financial support, rationalization of resources, and economies of scale that are anticipated from the common control. Coach also states that all collective bargaining agreements will be honored, that employee benefits will improve, and that no change in management personnel is planned. Additional information may be obtained from petitioner's representatives.

Decided: September 25, 1996.

By the Board, Chairman Morgan, Vice Chairman Simmons, and Commissioner Owen.

Mr. Boudreaux may wish to supplement his filing or otherwise specify what provisions of the statute or the Board's regulations he maintains are violated by the proposed transaction and what adverse effects he sees resulting from this transaction.

<sup>3</sup>The lease also grants LDRR the right to operate side tracks at mileposts 143.97, 143.55, 141.465 and 140.146, and spurs at mileposts 145.129 and 121.92. SPT states that the right to operate these tracks is not subject to Board jurisdiction.
