

information, we were able to determine factory overhead as a percentage of materials and labor. The surrogate overhead rate included energy; therefore, we did not include HACO's reported energy factor in the calculation.

- For selling, general and administrative (SG&A) expenses, we used information obtained from a September, 1991 cable from the U.S. Embassy in Jakarta. This cable was received for the LTFV investigation of certain carbon steel butt-weld pipe fittings from the People's Republic of China, and provides an estimated range of SG&A expenses.

- For profit, we used information obtained from a September, 1991 cable from the U.S. Embassy in Jakarta. This cable was received for the LTFV investigation of certain carbon steel butt-weld pipe fittings from the People's Republic of China, and provides a range of profit margins.

- HACO did not provide per kilogram amounts for its packing materials; therefore, we relied on the facts otherwise available. For packing materials, we used a per piece packing rate calculated from the public version of the analysis memorandum from the first administrative review of this case. The company was a Hong Kong exporter of PRC paint brushes. Therefore, we adjusted the value to reflect inflation using the Hong Kong Consumer Price Index based on information published by the IMF.

- To value truck freight, we used the rates reported in a September, 1991 cable from the U.S. Embassy in Jakarta Indonesia. This cable was received for the LTFV investigation of certain carbon steel butt-weld pipe fittings from the People's Republic of China. We adjusted the rates to reflect inflation using WPI published by the IMF.

#### *Currency Conversion*

We made currency conversions pursuant to section 353.60 of the Department's regulations at the rates certified by the Federal Reserve Bank.

#### *Final Results of the Review*

We determine that the following dumping margins exist:

Manufacturer/ exporter	Time period	Margin (per- cent)
Hebei Animal By-Products I/E Corp ..... PRC-Wide Rate .....	2/1/94-1/31/95	351.92
	2/1/94-1/31/95	351.92

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between export price and NV may vary from the percentage stated above. The Department will issue appraisal instructions on each exporter directly to the Customs Service.

Furthermore, the following deposit rates will be effective upon publication of this notice of final results of review for all shipments of paint brushes from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(c) of the Act: (1) for HACO, which was found to merit a separate rate for the final results of this review, the rate will be the company-specific rate, which is 351.92 percent; (2) for the companies named above which were not found to have separate rates, as well as for all other PRC exporters, the cash deposit rate will be the PRC-wide rate, which is 351.92; (3) for previously reviewed non-PRC exporters, the cash deposit rate will be the rate established in the most recent segment of the proceeding; and (4) for all other non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter.

These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

#### *Notification to Interested Parties*

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: October 1, 1996.

Robert S. LaRussa,

*Acting Assistant Secretary for Import Administration.*

### **Tapered Roller Bearings From Italy, Revocation of the Antidumping Duty Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Revocation of Antidumping Duty Order.

**SUMMARY:** The Department of Commerce (the Department) is notifying the public of its revocation of the antidumping duty order on tapered roller bearings from Italy because it is no longer of any interest to domestic interested parties.

**EFFECTIVE DATE:** October 9, 1996.

**FOR FURTHER INFORMATION CONTACT:** Valerie Turoscy or Michael Panfeld, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230, telephone (202) 482-0145.

#### **SUPPLEMENTARY INFORMATION:**

##### *Background*

The Department may revoke an antidumping duty order if the Secretary concludes that the duty order is no longer of any interest to domestic interested parties. We conclude that there is no interest in an antidumping duty order when no interested party has requested an administrative review for five consecutive review periods and when no domestic interested party objects to revocation (19 CFR 353.25(d)(4)(iii)).

On July 30, 1996, the Department published in the Federal Register (61 FR 39629) its notice of intent to revoke the antidumping duty order on tapered roller bearings from Italy (August 14, 1987). Additionally, as required by 19 CFR 353.25(d)(4)(ii), the Department served written notice of its intent to revoke this antidumping duty order on each domestic interested party on the service list. Domestic interested parties who might object to the revocation were provided the opportunity to submit their comments not later than the last day of the anniversary month.

In this case, we received no requests for review for five consecutive review periods. Furthermore, no domestic interested party, as defined under § 353.2 (k)(3), (k)(4), (k)(5), or (k)(6) of

the Department's regulations, has expressed opposition to revocation. Based on these facts, we have concluded that the antidumping duty order on tapered roller bearings from Italy is no longer of any interest to interested parties. Accordingly, we are revoking this antidumping duty order in accordance with 19 CFR 353.25(d)(4)(iii).

#### Scope of the Order

Imports covered by the revocation are shipments of tapered roller bearings from Italy. This merchandise is currently classifiable under Harmonized Tariff Schedules (HTS) item numbers 8483.90.30, 8483.90.80, 8482.20.00, 8482.99.30, 8483.20.40, 8483.20.80, and 8483.90.20. The HTS numbers are provided for convenience and customs purposes. The written description remains dispositive.

This revocation applies to all unliquidated entries of tapered roller bearings from Italy entered, or withdrawn from warehouse, for consumption on or after August 1, 1996. Entries made during the period August 1, 1995, through July 31, 1996, will be subject to automatic assessment in accordance with 19 CFR 353.22(e). The Department will instruct the Customs Service to proceed with liquidation of all unliquidated entries of this merchandise entered, or withdrawn from warehouse, for consumption on or after August 1, 1996, without regard to antidumping duties, and to refund any estimated antidumping duties collected with respect to those entries. This notice is in accordance with 19 CFR 353.25(d).

Dated: October 2, 1996.

Barbara R. Stafford,  
Deputy Assistant Secretary for AD/CVD  
Enforcement.
