Notice of Intent To Amend Plan

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of intent to amend the
San Rafael Resource Management Plan
of Moab Field Office, Bureau of Land
Management, Utah.

ACTION: This notice is intended to
inform the public that the Bureau of
Land Management intends to consider a
proposed amendment to the San Rafael
Resource Management Plan. This
proposed amendment will consider the
voluntary relinquishment and
retirement of Animal Unit Months
(AUMs) associated with the Horseshoe
South grazing allotment.

SUPPLEMENTARY INFORMATION: The
Bureau of Land Management (in
coordination with the permittee on the
Horseshoe Allotment and a land use
conservation group) is proposing to
relinquish and permanently retire the
existing allotment AUMs for the long
term benefit of watershed and wildlife
resources. Preliminary issues/impacts
that have been identified to be
addressed include the following: (1)
Economic impacts as a result of the loss
for AUMs for the purpose of grazing; (2)
impact to watershed values as a result
of the elimination of permanent grazing;
and (3) impacts to wildlife and
associated habitat resulting from the re-
allocation of AUMs from livestock to
wildlife.

Public participation is being sought at
this time to ensure that the proposed
amendment and associated
environmental analysis considers all
reasonable issues, alternatives, problems
and concerns relative to the proposed
action.

DATES: The comment period for this
proposed amendment will commence
with the publication of this notice.
Comments must be submitted on or
before November 15, 1996.
