BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Agency Recordkeeping/Reporting Requirements Under Emergency Review by the Office of Management and Budget (OMB)

Title: Interim Application and Planning Document.

OMB No.: New.

Description: This legislatively-mandated plan serves as the agreement between the grantee and the Federal government as to how child care funds from the former Title IV-A, Aid to Families with Dependent Children (AFDC) program will be operated under the new integrated Child Care and Development Fund. The plans provide assurances that the funds will be administered in conformance with legislative requirements, pertinent Federal regulations, and other applicable instructions or guidelines issued by ACF.

Respondents: State, Local or Tribal Govt.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Interim Application and Planning Document	277	1	20	5,540

Estimated Total Annual Burden Hours: 5,540.

Additional Information: ACF is requesting that OMB grant a 90 day approval for this information collection under procedures for emergency processing. A clearance under regular procedures is also being sought for this same information collection. A notice will be published in the Federal Register for the regular request inviting public comment to ACF for the normal 60-day period.

Dated: October 16, 1996.

Douglas J. Godesky,

Reports Clearance Officer.

BILLING CODE 4184-01-M

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Comprehensive Child Development Program Cohort 1 Longitudinal Follow up Study.

OMB No.: New Request.

Description: In 1988, the Congress enacted the Comprehensive Child Development Act (Pub. L. 100-297) that authorized the Administration for Children and Families to fund up to 25 Comprehensive Child Development Programs (CCDP). In 1989 and 1990, twenty-four CCDP programs located throughout the country were funded to demonstrate the long-term effectiveness of a comprehensive response to the multiple problems facing low income families including providing intensive, comprehensive, integrated, and continuous supportive services to (1) enhance the physical, emotional, and intellectual development of infants and young children, and (2) provide necessary support to their parents and other family members.

The Head Start Reauthorization Act of 1994 established priority for longitudinal studies that examine the developmental progress of children and their families during and following participation in a Head Start program, including the examination of factors

that contribute to or detract from such progress. In response to this priority, the Administration on Children, Youth and Families (ACYF) ACYF awarded a contract through a competitive procurement to Civitan International Research Center at the University of Alabama at Birmingham (CIRC) with a subcontract to CSR, Incorporated. The evaluation will be carried out from October 1, 1995, through September 30, 2000. Data collection activities that are the subject of this Federal Register notice are intended for the second and fourth phases of the CCDP Cohort 1 Longitudinal Followup Study.

Respondents: Focus children, parents of focus children, teachers of focus children, and key actors in the service delivery systems of the focus children's communities.

The sample for the child and family assessments consists of focus children and their families in eight of the original 24 CCDP sites. A total of 1,780 focus children and their families were randomly assigned to treatment (CCDP

services) and control (no CCDP services) groups in these eight sites. Vigorous recruitment of treatment and control group families for the CCDP Cohort 1 Longitudinal Follow-up Study has resulted in approximately 1,325 of the 1,780 families agreeing to participate.

The teacher assessments will be conducted by only those teachers of treatment and control group children.

Early field work estimates the number of teachers to be 600.

Service delivery systems assessments will be completed by key actors in the service delivery systems of the CCDP site communities. It is anticipated that 5 key actors will complete the assessments in each site (for a total of 40 key actors).

The focus child and parent assessments will be conducted through

computer assisted personal interviewing and pencil and paper self-administered questionnaires. All data collection instruments have been designed to minimize the burden on respondents by minimizing interviewing and assessment time. Participation in the study is voluntary and confidential.

Annual Burden Estimates:

Instrument	Number of re-spond-ents	Number of re-sponses per re-spondent	Average burden hours per response	Total bur-den hours
Parent Interviews	1,325	1	2.27	3002
Direct Child Assessments	1,325	1	0.42	552
Teacher Assessments	600	1	1.25	737
Service Delivery System Questionnaire	40	1	0.42	17

Estimated Total Annual Burden Hours: 4,308.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: October 16, 1996.

Douglas J. Godesky,
Reports Clearance Officer.

BILLING CODE 4184-01-M

Food and Drug Administration

[Docket No.96F-0384]

The Dow Chemical Co.; Filing of Food Additive Petition

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that the Dow Chemical Co. has filed a petition proposing that the food additive regulations be amended to provide for the safe use of epichlorohydrin-dipropylene glycol and epichlorohydrin-polypropylene glycol as reactants in the preparation of epoxy-based resins used as adhesives for articles or components of articles intended for use in food-contact applications.

DATES: Written comments on the petitioner's environmental assessment by November 21, 1996.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1-23, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Vir D. Anand, Center for Food Safety and Applied Nutrition (HFS-216), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-418-3081.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (sec. 409(b)(5) (21 U.S.C. 348(b)(5))), notice is given that a food additive petition (FAP 6B4523) has been filed by the Dow Chemical Co., 2030 Dow Center, Midland, MI 48674. The petition proposes to amend the food additive

regulations in § 175.105 *Adhesives* (21 CFR 175.105) to provide for the safe use of epichlorohydrin-dipropylene glycol and epichlorohydrin-polypropylene glycol as reactants in the preparation of epoxy-based resins used as adhesives for articles or components of articles intended for use in food-contact applications.

The potential environmental impact of this action is being reviewed. To encourage public participation consistent with regulations promulgated under the National Environmental Policy Act (40 CFR 1501.4(b)), the agency is placing the environmental assessment submitted with the petition that is the subject of this notice on public display at the Dockets Management Branch (address above) for public review and comment. Interested persons may, on or before November 21, 1996, submit to the Dockets Management Branch (address above) written comments. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. FDA will also place on public display any amendments to, or comments on, the petitioner's environmental assessment without further announcement in the Federal Register. If, based on its review, the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the regulation in the
