50 CFR Part 679

[Docket No. 960129019-6019-01; I.D. 101696B]

Fisheries of the Exclusive Economic Zone Off Alaska; Offshore Component of Pollock in the Bering Sea Subarea

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is closing directed fishing for pollock by vessels catching pollock for processing by the offshore component in the Bering Sea subarea (BS) of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the second seasonal allowance of the pollock total allowable catch (TAC) allocated to vessels harvesting pollock for processing by the offshore component in this area.

EFFECTIVE DATE: 1200 hrs, Alaska local time (A.l.t.), October 17, 1996, until 2400 hrs, A.l.t., December 31, 1996.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: The groundfish fishery in the BSAI exclusive economic zone is managed by NMFS according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific

Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(c)(3)(iii), the second seasonal allowance of pollock for vessels catching pollock for processing by the offshore component in the BS was established by the Final 1996 Harvest Specifications of Groundfish (61 FR 4311, February 5, 1996), and subsequent reserve apportionment (61 FR 16085, April 11, 1996) as 419,623 metric tons (mt).

The Director, Alaska Region, NMFS (Regional Director) has established a directed fishing allowance of 397,623 mt and set aside the remaining 22,000 mt as bycatch to support directed fishing for other species in the BS. The Regional Director has determined in accordance with § 679.20(d)(1)(iii), that the second seasonal allowance of pollock TAC for vessels catching pollock for processing by the offshore component in the BS soon will be reached. Consequently, NMFS is closing directed fishing for pollock by vessels catching pollock for processing by the offshore component in the BS.

Maximum retainable bycatch amounts for applicable gear types may be found in the regulations at § 679.20(e).

Classification

This action is taken under § 679.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 16, 1996.

Fisheries of the Exclusive Economic Zone Off Alaska; Scallop Fishery Closure; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Correction to a closure notification.

SUMMARY: This document contains a correction to a closure notification (I.D. 082796E), which was published

Tuesday, September 3, 1996 (61 FR 46399).

EFFECTIVE DATE: 0800 hours, Alaska local time (A.l.t.), August 27, 1996, through 2400 hours, A.l.t., June 30, 1997.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION:

Background

On September 3, 1996, NMFS published notification in the Federal Register announcing closure of the directed fishery for scallops in the Kamishak Bay District of Registration Area H (Cook Inlet). The closure was intended to be effective through the end of the current fishing year, 2400 hours, A.l.t., June 30, 1997. The action was necessary to prevent exceeding the total allowable catch (TAC) of scallops in this area.

Need for Correction

In accordance with § 679.62(c), the Director, Alaska Region, NMFS, determined that the scallop TAC for this area had been reached and NMFS prohibited the taking and retention of scallops in this area effective at 0800 hours, A.l.t., August 27, 1996. Under § 679.62(a)(2)(ii), annual scallop TACs are specified for the 12-month time period extending from July 1 through June 30 of the following year. Therefore, this closure should only have been effective through the end of the current fishing year which expires at 2400 hours, A.l.t., June 30, 1997. However, the closure notification published September 3, 1996, inadvertently extended the closure through 1159 hours, A.l.t., July 1, 1997.

Correction of Publication

Accordingly, the publication on September 3, 1996, of the closure (I.D.

082796E), which was the subject of FR Doc. 96-22369, is corrected as follows:

On page 46400, in the first column, the **EFFECTIVE DATE** section should read as follows: **EFFECTIVE DATE:** 0800 hours, Alaska local time (A.l.t.), August 27, 1996, through 2400 hours, A.l.t., June 30, 1997.

On page 46400, in the third column, the third and fourth lines should read as follows:

August 27, 1996, through 2400 hours, A.l.t., June 30, 1997.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 16, 1996.
