## **Public Information Collection Approved by Office of Management** and Budget

February 6, 1996.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collection pursuant to the Paperwork Reduction Act of 1995, Pub. L. 96-511. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. Not withstanding any other provisions of law, no person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Questions concerning the OMB control numbers and expiration dates should be directed to Dorothy Conway, Federal Communications Commission, (202) 418-0217.

Federal Communications Commission

OMB Control No.: 3060-0170. Expiration Date: 1/31/99.

Title: Section 73.1030 Notifications Concerning Interference to Radio Astronomy, Research and Receiving Installations.

Estimated Annual Burden: 30 total annual hours; average 1 hour per respondent; 30 respondents.

Description: Section 73.1030 requires broadcast licensees to provide written notification to the interference office at Green Bank, WV, setting forth the particulars of a proposed station within the geographic coordinates of the National Radio Astronomy Observatory or the Naval Radio Research Observatory in WV. Data is used by Interference Office to enable them to file objections with the FCC to minimize potential interference.

OMB Control No.: 3060-0449. Expiration Date: 1/31/99.

Title: Section 1.65(c) Substantial and Significant Changes in Information Furnished by Applicants to the Commission.

Estimated Annual Burden: 9 total annual hours; 1 hour and 30 minutes per respondent; 6 respondents.

*Description:* Section 1.65(c) requires broadcast permittees and licensees to report annually any finding or adverse final action that involves conduct bearing on their character qualifications. This information enables the Commission to determine whether broadcast permittees and licensees maintain the requisite character qualifications to be a broadcast

permittee or licensee during their license term.

OMB Control No.: 3060-0180. Expiration Date: 1/31/99. Title: Section 73.1610 Equipment Tests.

Estimated Annual Burden: 306 total annual hours; average 30 minutes per respondent; 612 respondents.

Description: Section 73.1610 requires the permittee of a new broadcast station to notify the FCC of its plans to conduct equipment tests for the purpose of making adjustments and measurements as may be necessary to assure compliance with the terms of the construction permit and applicable engineering standards. The data are used by FCC staff to assure compliance with the terms of the construction permit and applicable engineering standards.

OMB Control No.: 3060-0691. Expiration Date: 4/30/96.

Title: Amendment of Parts 2 and 90 of the Commission's Rules to Provide for the Use of 200 Channels Outside the Designated Filing Areas in the 896-901 MHz Bands Allotted to the SMR licensees.

Estimated Annual Burden: 800 total annual hours; 2–7 hours per respondent; 1,020 respondents.

Description: This information will be used by the Commission to determine whether the applicant is legally technically and financially qualified to be a licensee. Without such information the Commission could not determine whether to issue the licenses to the applicants that provide telecommunications services to the public and therefore fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended. The information will also be used to ensure the market integrity of the auction.

OMB Control No.: 3060-0194. Expiration Date: 1/31/99. Title: Section 74.21 Broadcasting

Emergency Information.

Estimated Annual Burden: 2 total annual hours; average 30 minutes per

respondent; 2 respondents.

Description: Section 74.21 requires that a licensee of an auxiliary broadcast station notify the FCC in Washington, DC, as soon as practicable, when that station is operated in a manner other than that for which it is authorized. This notification shall specify the nature of the emergency and the use to which the station is being put. The licensee shall also notify the FCC when the emergency operation has been terminated. These notifications are used by FCC staff to evaluate the need and nature of the

emergency broadcast and to confirm that an actual emergency exists.

OMB Control No.: 3060-0184. Expiration Date: 1/31/99. Title: Section 73.1740 Minimum Operating Schedule.

Estimated Annual Burden: 203 total annual hours; average 30 minutes; 405

respondents.

Description: Section 73.1740 requires licensees of commercial broadcast stations to notify the FCC in Washington, DC, when events beyond their control make it impossible to continue operation or to adhere to the required operating schedules set forth in this section. In addition, the FCC must be notified when normal operation is resumed. No further authority is needed for limited operation or discontinued operation for a period not exceeding 30 days. Should events beyond the licensees control make it impossible for compliance with in the required 30 day time period, an informal written request shall be submitted to the FCC requesting the amount of additional time that the licensee deems necessary. The data are used by FCC staff to authorize temporarily a limited operation or discontinuance of operation.
