BILLING CODE 4710-25-M

DEPARTMENT OF THE TREASURY

Fiscal Service

31 CFR Parts 357 and 370

Regulations Governing Book-Entry Treasury Bonds, Notes and Bills; Regulations Governing Payments by the Automated Clearing House Method

AGENCY: Bureau of the Public Debt, Fiscal Service, Treasury.

ACTION: Final rule.

SUMMARY: The purpose of this final rule is to amend the general regulations governing book-entry Treasury securities, which apply to investors in the TREASURY DIRECT system, to require the Bureau of the Public Debt to send prenotification messages when an investor has requested that payments on his account be made by the Automated Clearing House (ACH) method, and to modify the number of days required to wait after a prenotification message is sent before live dollar entries can be initiated. This amendment will bring the procedures for prenotification messages for TREASURY DIRECT ACH payments in conformity with the procedures for the National Automated Clearing House Association (NACHA). Part 370 governs payments by the ACH method when such payments are made by Treasury on account of United States securities, including ACH payments in the TREASURY DIRECT system. This rule affects only ACH payments in the TREASURY DIRECT system. Because the amended Part 357 will contain some prenotification procedures inconsistent with Part 370, Part 370 will indicate that it applies to ACH payments made by Treasury on account of United States securities, except as otherwise provided.

EFFECTIVE DATE: February 16, 1996.

FOR FURTHER INFORMATION CONTACT: Maureen Parker, Director, Division of Securities Systems, Bureau of the Public Debt, Parkersburg, West Virginia, 26106-1328, (304) 480-7761 or Susan Klimas, Attorney-Adviser, Office of the Chief Counsel, Bureau of the Public Debt, (304) 480-5192.

SUPPLEMENTARY INFORMATION: This final rule amends the general regulations governing book-entry Treasury securities to require that, when payments are made by the ACH method, prenotification messages be sent by the Bureau of the Public Debt to the financial institution to which such payments are to be directed, and to change the current waiting period after a prenotification message is sent before live dollar entries can be transmitted from 15 days to 10 days, to conform with the standard practice of NACHA. Prior to this amendment, the regulations provided for prenotification messages to be sent, but did not specifically require such messages. Accordingly, Part 357 is amended by changing § 357.26(b)(3) to provide that prenotification messages must be sent and to require a 10 day waiting period after the prenotification message is sent before a live money transfer can be made. Additionally, the provisions of 31 CFR 370.5 relating to the sending of prenotification messages, which were formerly incorporated by

reference, are added to this regulation. Because the amended Part 357, governing the TREASURY DIRECT system, will contain some procedures inconsistent with Part 370, which applies to payments made by the Bureau of the Public Debt by the ACH method of payment, Part 370 is amended to indicate that it applies except as otherwise provided.

Procedural Requirements

It has been determined that this final rule does not meet the criteria for a "significant regulatory action," as defined in Executive Order 12866. Therefore, the regulatory review procedures contained therein do not apply.

This rule relates to matters of public contract and procedures for U.S. securities, as well as the borrowing power and fiscal authority of the United States. Accordingly, pursuant to 5 U.S.C. 553(a)(2), the notice, public comment and delayed effective date provisions of the Administrative Procedure Act do not apply. As no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*) do not apply.

There are no new collections of information contained in this Final Rule, and, therefore, the Paperwork Reduction Act (44 U.S.C. 3504(h)) does not apply.

I.C(4)

This rule has been revised to add a reference to the definition of particulate matter (PM-10).

I.N(1)(c), I.O(2)(b), and I.O(3)

These rules have been revised to add references to the PM-10 increments in Parts N and O.

II.A

This section was revised to replace all references to total suspended particulate increments with references to PM-10 increments and to convert all limits to PM-10 standards.
