

Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) for approval in July 1995. The Findings documents were prepared by NOAA and EPA to provide the rationale for the agencies' decision to approve each state and territory coastal nonpoint pollution control program. Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. section 1455b, requires states and territories with coastal zone management programs that have received approval under section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint pollution control programs. The EA's were prepared by NOAA, pursuant to the National Environmental Policy Act (NEPA), 42 U.S.C. sections 4321 *et seq.*, to assess the environmental impacts associated with the approval of the coastal nonpoint pollution control programs submitted to NOAA and EPA by Pennsylvania, Guam, and American Samoa.

NOAA and EPA have proposed to approve, with conditions, the coastal nonpoint pollution control programs submitted by Pennsylvania, Guam, and American Samoa. The requirements of 40 CFR Parts 1500-1508 (Council on Environmental Quality (CEQ) regulations to implement the National Environmental Policy Act) apply to the preparation of the Environmental Assessments. Specifically, 40 CFR section 1506.6 requires agencies to provide public notice of the availability of environmental documents. This notice is part of NOAA's action to comply with this requirement.

Copies of the Proposed Findings documents, Environmental Assessments, and Findings of No Significant Impact may be obtained upon request from: Joseph P. Flanagan, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, tel. (301) 713-3121, x201.

REQUESTING RECORDS

Records are retrieved by name or by some other personal identifier. It is therefore especially important for expeditious service when requesting a record that particular attention be provided to the Notification and/or Access Procedures of the particular record system involved so as to furnish the required personal identifiers, or any other pertinent personal information as may be required to locate and retrieve the record.

BLANKET ROUTINE USES

Certain 'blanket routine uses' of the records have been established that are applicable to every record system maintained within the Department of Defense unless specifically stated otherwise within a particular record system. These additional blanket routine uses of the records are published below only once in the interest of simplicity, economy and to avoid redundancy.

A record from a system of records maintained by this component may be disclosed as a routine use to a Federal, state, or local agency maintaining civil, criminal, or other relevant enforcement information or other pertinent information, such as current licenses, if necessary to obtain information relevant to a component decision concerning the hiring or retention of an employee, the issuance of a security clearance, the
