[Docket No. CP96-41-001]

Colorado Interstate Gas Company; Notice of Petition to Amend

February 23, 1996.

Take notice that on February 22, 1996, Colorado Interstate Gas Company (CIG), P.O. Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP96-41-001 a petition to amend its application filed in Docket No. CP96-41-000 to delete a residue line extending from a third party's processing plant (Warren Plant) to CIG's main line in Beaver County, Oklahoma from those facilities CIG wishes to transfer to its affiliate, CIG Field Services (Field Services), all as more fully set forth in the petition which is on file with the Commission and open to public inspection.

CIG states that the subject of this amendment is an 18-inch, 858 foot facility found in the area of the Mocane Compressor Station in Beaver County, Oklahoma, leading from the Warren plant to CIG's main transmission line. It is indicated that gas is delivered to the Warren plant from both CIG and a third party for processing. It is stated that subsequent to processing, the gas can enter CIG's system through the residue line or can flow on facilities of a third party without ever reaching CIG's facilities. CIG avers that, after implementation of the CIG-Field Services spin down proposal, by retaining the residue line, the potential for rate stacking for service would be eliminated in transactions where gas is delivered to the plant by a party other than Field Services and then delivered from the Warren Plant for transportation on CIG's system.

CIG estimates a book value of the residue line to be retained at \$7,915, as of December 31, 1994. No other changes are proposed in CIG's original application.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before March 4, 1996, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commissions's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing

therein must file a motion to intervene in accordance with the Commission's Rules.

Secretary.
