**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

**FOR FURTHER INFORMATION CONTACT:** Beverly Milkman (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the possible impact of the proposed actions.

#### Additions

If the Committee approves the proposed addition, all entities of the Federal Government (except as otherwise indicated) will be required to procure the services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the services.

3. The action will result in authorizing small entities to furnish the services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following services have been proposed for addition to Procurement List for production by the nonprofit agencies listed:

Cutting and Assembly of FTESFB for F-15, Robins Air Force Base, Georgia  
NPA: Middle Georgia Easter Seal Society, Inc., Dublin, Georgia  
Janitorial/Custodial, U.S. Army Health Clinic, Buildings 100, 101, 105, 162, 163, 165, 170, 170A and 170B, Fort McPherson, Georgia

NPA: WORKTEC, Jonesboro, Georgia  
Janitorial/Custodial, Lenkalis USARC, 20 Washington Avenue West Hazelton, Pennsylvania  
NPA: White Haven Center, White Haven, Pennsylvania

#### Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action does not appear to have a severe economic impact on future contractors for the commodities.

3. The action will result in authorizing small entities to furnish the commodities to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities proposed for deletion from the Procurement List.

The following commodities have been proposed for deletion from the Procurement List:

Neck Strap, Telephone  
5965-00-340-6790  
Cover, Service Cap  
8405-01-046-8544

**DEPARTMENT OF ENERGY**

[FE Docket No. EA-111]

**Application To Export Electricity;  
Northeast Utilities Service Company**

**AGENCY:** Office of Fossil Energy, DOE.

**ACTION:** Notice of application.

**SUMMARY:** Northeast Utilities Service Company (NUSCO) has requested authorization to export electric energy to Canada.

**DATES:** Comments, protests, or requests to intervene must be submitted on or before April 1, 1996.

**ADDRESSES:** Comments, protests, or requests to intervene should be addressed as follows: Office of Coal & Electricity (FE-52), Office of Fuels Programs, Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585-0350.

**FOR FURTHER INFORMATION CONTACT:** Warren E. Williams (Program Office) 202-586-9629 or Michael T. Skinker (Program Attorney) 202-586-6667.

**SUPPLEMENTARY INFORMATION:** Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. § 824a(e)).

On January 31, 1995, NUSCO filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) for authorization to export electric energy to Canada pursuant to section 202(e) of the FPA. NUSCO is a Connecticut corporation that provides centralized services to and acts as agent for the Northeast Utilities ("NU") System. NU is an investor-owned registered electric utility holding company made up of the following operating companies: The Connecticut Light and Power Company, Western Massachusetts Electric Company, Holyoke Power and Electric Company, Holyoke Water Power Company, and Public Service Company of New Hampshire.

In its application, NUSCO asserts that the NU System companies currently have, and will have for more than a decade, generating resources greater than those needed to serve their retail customers and committed sales.

Therefore, NUSCO proposes to sell surplus electric energy, when available, to Canada, specifically, Hydro-Quebec.

NUSCO proposes to transmit the exported energy to Hydro-Quebec over the international transmission facilities of Vermont Electric Transmission Company. These facilities, also known as the New England/Hydro-Quebec (NE/

HQ) Interconnection, consist of a 450-kilovolt (kV), direct current (DC) transmission line that extends from the Sandy Point converter terminal located between the towns of Ayer and Groton, Massachusetts, to the Comerford converter terminal located in the town of Monroe, New Hampshire, and from there to the U.S.-Canada border in the vicinity of Norton, Vermont. The construction of these facilities previously was authorized by DOE in Presidential Permit PP-76. The NU System companies have the right to use 33% of the transfer capacity of the PP-76 facilities for transactions with Hydro-Quebec. In FE Order EA-76-C (February 19, 1993), the New England Power Pool was authorized to use the PP-76 facilities in the export mode at a maximum rate of transmission of 2000 megawatts (MW). Accordingly, NUSCO has requested that FE authorize an electricity export of approximately 665 MW, or 33% of the total capability of the NE/HQ Interconnection.

**Procedural Matters**

Any persons desiring to be heard or to protest this application should file a petition to intervene or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Rules of Practice and Procedure (18 CFR 385.211, 385.214). Fifteen copies of such petitions and protests should be filed with the DOE on or before the date listed above. Additional copies are to be filed directly with: Mr. John Ash and Ms. Phyllis E. Lemell, Northeast Utilities Company, P.O. Box 270, Hartford, CT 06140-0270, (860) 665-5626.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969 (NEPA), and a determination is made by the DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above.

Issued in Washington, DC, on February 27, 1996.

Anthony J. Como,

*Director, Office of Coal & Electricity, Office of Fuels Programs, Office of Fossil Energy.*
