

clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Southwest Region Permit Family of Forms.

Form Number(s): None prescribed.

OMB Approval Number: 0648-0204.

Type of Request: Revision of a currently approved collection.

Burden: 65 hours.

Number of Respondents: 95.

Avg Hours Per Response: Ranges between 30 minutes and 2 hours depending on the requirement.

Needs and Uses: Permits are required for persons to participate in Federally-managed fisheries in the Western Pacific Region. The permit applications forms provide basic information about permit holders and the vessels and gear being used. This information is important to understand the nature of the fisheries, entry and exit patterns, and the extent to which fishing is likely to effect the stocks and businesses related to the fishery. Permitting actions provide an important link to the participants so that the National Marine Fisheries Service officials can explain the regulations that apply to the fishery as well as emphasize the importance of complying with the regulations and reporting requirements. This collection covers three types of permits—basic permits, limited entry permits and experimental permits.

Affected Public: Businesses or other for-profit organizations, individuals or households.

Frequency: Annually, on occasion, variable.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Adele Morris, (202) 395-7340.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, Room 5327, 14th and Constitution Avenue, N.W., Washington, D.C. 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this Notice to Adele Morris, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, D.C. 20503.

Dated: February 27, 1997.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Northwest Region Federal Fisheries Permits.

Form Numbers(s): None prescribed.

OMB Approval Number: 0648-0203.

Type of Request: Revision of a currently approved collection.

Burden: 530 hours.

Number of Respondents: 1,018.

Avg Hours Per Response: Ranges between 20 minutes and 2 hours depending on the requirement.

Needs and Uses: One of the steps taken to manage regulated fisheries is to issue permits to resource users. In the Northwest Region, there are three types of permits issued under the Fishery Management Plan for the groundfish fishery off Washington, Oregon and California. They are: experimental fishing permits, limited entry permits; and permits for groundfish processing vessels over 125 feet in length and any catcher vessels that deliver to them. Without this information and the use of permits, this fishery could not be managed effectively.

Affected Public: State local or tribal government, businesses or other for-profit organizations.

Frequency: On occasion, annually.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Adele Morris, (202) 395-7340.

[Docket A(32b1)-1-97]

Foreign-Trade Zone 62—Brownsville, TX; Request for Manufacturing Authority AMFELS, Inc. (Offshore Drilling Platforms/Shipbuilding)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Brownsville Navigation District, grantee of FTZ 62, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of AMFELS, Inc. (AMFELS) (a subsidiary of FELS Offshore PTE Ltd., of Singapore), for the manufacture, refurbishment and repair of mobile offshore drilling and other oceangoing vessels under FTZ procedures within FTZ 62. It was formally filed on February 25, 1997.

AMFELS operates a 133-acre facility (800 employees) within FTZ 62-Site 8 (Brownsville Navigation District) for the manufacture, refurbishment and repair of offshore petroleum drilling/production platforms (HTSUS#8905.20), classified as oceangoing vessels. Up to 70 percent of the components of the platforms are purchased from foreign sources, including steel plates, high pressure pipes and fittings, electric cables, and steel cable anchor chains

(1997 duty rate range: free-6.2%, ad valorem).

This application requests authority to allow AMFELS to conduct the activity under FTZ procedures, subject to the "standard shipyard restriction" applicable to foreign-origin steel mill products, which requires that full duties be paid on such items.

FTZ procedures would exempt AMFELS from Customs duty payments on the foreign components used in export activity (currently 100% of shipments). On its domestic sales, the company would be able to choose the duty rate that applies to finished oceangoing vessels (duty free) for the foreign electric cables and cable anchor chains noted above. Foreign-sourced steel mill products, such as pipe and plate, would be subject to the full Customs duties applicable to those items. FTZ procedures would also exempt certain merchandise from certain ad valorem inventory taxes. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 7, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 21, 1997).

A copy of the application will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: February 27, 1997.

John J. Da Ponte, Jr.,

Executive Secretary.
