

making level of trade comparisons and adjustments for its final results of review.

Because both respondents made sales at differing levels of trade in the home market and in the United States, and because we determined it was not possible to quantify the price differences resulting from the differing levels of trade, we made a CEP offset to NV for both respondents pursuant to section 773(a)(7)(B) of the Act. The CEP offset consisted of an amount equal to the lesser of the weighted-average U.S. indirect selling expenses and U.S. commissions or home market indirect selling expenses. No other adjustments were claimed or allowed.

Preliminary Results of the Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margins exist for the POR:

Manufacturer/exporter	Percent margin
Hyundai Electronic Industries, Inc	0.01
LG Semicon Co., Ltd	0.02

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. Individual differences between United States price and NV may vary from the percentages stated above. The Department will issue appraisal instructions directly to Customs. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the determination and for future deposits of estimated duties.

Furthermore, the following deposit requirements will be effective upon completion of the final results of these administrative reviews for all shipments of DRAMs from Korea entered, or withdrawn from warehouse, for consumption on or after publication date of the final results of these administrative reviews, as provided by section 751(a)(1) of the Act: (1) The cash deposit rates for Hyundai and LGS, because their weighted-average margins were de minimis, will be zero percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original LTFV investigation or a previous review, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, a previous review, or the original investigation, but

the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in the final results of the most recent review, or the LTFV investigation; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous reviews, the cash deposit rate will be 3.85 percent, the "all-others" rate established in the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Interested parties may request disclosure within five days of the date of publication of this notice, and may request a hearing within ten days of the date of publication. Any hearing, if requested, will be held as early as convenient for the parties but not later than 44 days after the date of publication or the first work day thereafter. Case briefs or other written comments from interested parties may be submitted not later than 30 days after the date of publication of this notice. Rebuttal briefs and rebuttal comments, limited to issues in the case briefs, may be filed not later than 37 days after the date of publication of this notice. The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any such written comments.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26(b) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: March 10, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.
