The feed is indicated for increased rate of weight gain and improved feed efficiency due to the activity of bacitracin, and treatment of bacterial enteritis caused by *Escherichia coli* and *Salmonella choleraesuis* and bacterial pneumonia caused by *Pasteurella multocida* susceptible to CTC. Home Equity Conversion Mortgage Insurance Demonstration: Additional Streamlining; Correction

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Final rule; Correction.

SUMMARY: On September 17, 1996 (61 FR 49030), the Department issued a final rule to the changes proposed on

May 10, 1996, to the Home Equity Conversion Mortgage (HECM) Insurance Demonstration. The final rule had an effective date of October 17, 1996, except that the amendment to the definition of "principal limit" in § 206.3, had a delayed effective date of January 5, 1997. On December 26, 1996 (61 FR 67930), the Department further delayed the effective date of the definition of "principal limit" in § 206.3 until May 1, 1997, but inadvertently did not change the date as it was set forth within the definition in two places. Today's notice corrects the references to the date contained in the definition of "principal limit," as it was set forth in the December 26, 1996 publication to conform to the intent of the December

26, 1996 notice. Today's notice also makes two other technical corrections to conform with the intent of the September 17, 1996 final rule.

DATES: Effective date of this document: December 26, 1996.

Effective date for amended definition of "principal limit" in § 206.3: May 1, 1997.

FOR FURTHER INFORMATION CONTACT:

Mark W. Holman, Acting Director, Home Mortgage Insurance Division, Office of Insured Single Family Housing, Room number 9270, Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, DC 20410, telephone (202) 708-2121; TTY (202) 708-4594. (These are not toll-free telephone numbers.)

SUPPLEMENTARY INFORMATION: The September 17, 1996 final rule issued by the Department delayed the effective date for the amendment to the definition of "principal limit" in § 206.3 until January 5, 1997. The December 26, 1996 document further delayed the effective date for the definition of "principal limit" in § 206.3, until May 1, 1997, but inadvertently neglected to change the date references within the definition in two places. The correct date references of May 1, 1997 are being substituted through this correction notice. This notice also corrects the definition of "principal limit," as it was set forth in the September 17, 1996 final rule by changing "unless" in the fifth sentence to "if" so that the definition clearly applies the changed method of calculating principal limit to mortgages executed on or after May 1, 1997, as was intended by the September 17, 1996 final rule. In addition, this notice corrects the sixth sentence of the definition of "principal limit," as it was set forth in the September 17, 1996 final rule to add the words "each month" after "increases" and the words "one-twelfth of" after "rate equal to."

Accordingly, in FR Doc. 96-23717, on page 49032, the definition of "principal limit" in § 206.3, as set forth in the final rule published on September 17, 1996, at 61 FR 49030, is corrected to read as follows:

§ 206.3 Definitions.

* * * * *

Principal limit means the maximum disbursement that could be received in any month under a mortgage, assuming that no other disbursements are made, taking into account the age of the youngest mortgagor, the mortgage interest rate, and the maximum claim amount. Mortgagors over the age of 95 will be treated as though they are 95 for purposes of calculating the principal

limit. The principal limit is used to calculate payments to a mortgagor. It is calculated for the first month that a mortgage could be outstanding using factors provided by the Secretary. It increases each month thereafter at a rate equal to one-twelfth of the mortgage interest rate in effect at that time, plus one-twelfth of one-half percent per annum, if the mortgage was executed on or after May 1, 1997. If the mortgage was executed before May 1, 1997, the principal limit increases each month at a rate equal to one-twelfth of the expected average mortgage interest rate plus one-twelfth of one-half percent per annum. The principal limit may decrease because of insurance or condemnation proceeds applied to the mortgage balance under § 209.209(b) of this chapter.
