

[Docket No. RP97-286-000]**NorAm Gas Transmission Company;
Notice of Petition for Waiver**

March 13, 1997.

Take notice that on March 10, 1997, NorAm Gas Transmission Company (NGT) filed a petition for a waiver of the April 1, 1997, effective date for its annual crediting filings pursuant to Sections 5.7(c)(ii)(2)B. and 23.7 of the General Terms and Conditions of its FERC Gas Tariff.

NGT seeks permission to file to make such credits, if any, effective May 1, 1997. NGT states that it is seeking this waiver because of the administrative burden and difficulty experienced in closing its books, compiling the required twelve months of data, and preparing the filings within the shortened time period required to meet an April 1 effective date.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 214 and 211 (18 CFR 385.214, 385.211) of the Commission's Rules and Regulations. All such motions or protests should be filed on or before March 20, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for inspection in the public reference room.

[Docket No. RP97-284-000]**Southern California Edison Company
V. Southern California Gas Company;
Notice of Complaint**

March 13, 1997.

Take notice that on March 7, 1997, pursuant to sections 5(a) and 15 of the Natural Gas Act, 15 U.S.C. 717d(a), 717o (1992), and Rule 206 of the Rules of Practice and Procedure of the Commission, 18 CFR 385.206, Southern California Edison Company (Edison) tendered for filing a complaint against Southern California Gas Company (SoCalGas) for violation of the Commission's regulations governing capacity release and the policies set forth in Order No. 636.

Edison argues that SoCalGas has abused its market power over interstate pipeline capacity from the San Juan Basin into southern California. Edison asserts that SoCalGas has withheld, and will likely continue to restrict, the amount of capacity available for release, and to unduly discriminate between Edison and other competitors for released interstate natural gas pipeline capacity and SoCalGas' own use of released capacity.

Edison requests that the Commission establish an evidentiary hearing to address these issues and to adduce evidence necessary to evaluate the extent of SoCalGas' exercise of market power and to establish appropriate remedies.

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 214 and 211 of the Commission's Rules of
