This review covers exports of this merchandise to the United States by one manufacturer/exporter, Viraj Forgings Ltd. (Viraj), during the period March 1, 1995 through August 31, 1995.

We gave interested parties an opportunity to comment on our preliminary results. We received no comments. The review indicates the existence of no dumping margins for this firm for this period.

EFFECTIVE DATE: January 9, 1997.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

Background

The antidumping duty order on SSF from India was published February 9, 1994 (59 FR 5994). On October 1, 1996, the Department published in the Federal Register the preliminary results of its new shipper review of the antidumping duty order on SSF from India (61 FR 51261). The Department has now completed this new shipper review in accordance with section 751 of the Act.

Scope of the Review

The products covered by this order are certain forged stainless steel flanges both finished and not finished, generally manufactured to specification ASTM A–182, and made in alloys such as 304, 304L, 316, and 316L. The scope includes five general types of flanges. They are weld neck, used for butt-weld line connection; threaded, used for threaded line connections; slip-on and lap joint, used with stub-ends/butt-weld line connections; socket weld, used to fit pipe into a machined recession; and blind, used to seal off a line. The sizes of the flanges within the scope range generally from one to six inches; however, all sizes of the above-described merchandise are included in the scope. Specifically excluded from the scope of this order are cast stainless steel flanges. Cast stainless steel flanges generally are manufactured to specification ASTM A–351. The flanges subject to this order are currently classifiable under subheadings 7307.21.1000 and 7307.21.5000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of this order remains dispositive.

The review covers one Indian manufacturer/exporter, Viraj, and the period March 1, 1995 through August 31, 1995.

Final Results of Review

We gave interested parties an opportunity to comment on the preliminary results. We received no comments. We have determined that a margin of zero percent exists for Viraj for the period March 1, 1995 through August 31, 1995.

The Department shall instruct the U.S. Customs Service to assess no antidumping duties on all appropriate entries.

Furthermore, the following deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided for by section 751(a)(1) of the Act:

(1) The cash deposit rate for Viraj will be zero percent;

(2) for exporters not covered in this review, but covered in previous reviews or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period;

(3) if the exporter is not a firm covered in this review, previous reviews, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and

(4) the cash deposit rate for all other manufacturers or exporters will continue to be 162.14 percent. This rate is the ''All Others'' rate established in the LTFV investigation.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR § 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent
