Federal Allotments to State Developmental Disabilities Councils (DDCs) and Protection and Advocacy (P&A) Formula Grant Programs for Fiscal Year 1998

AGENCY: Administration on Developmental Disabilities, Administration for Children and Families, Department of Health and Human Services.

ACTION: Notification of fiscal year 1998 federal allotments to State developmental disabilities councils and protection and advocacy formula grant programs.

SUMMARY: This notice sets forth Fiscal Year 1998 individual allotments and percentages to States administering the State Developmental Disabilities Councils and Protection and Advocacy programs, pursuant to Section 125 and Section 142 of the Developmental Disabilities Assistance and Bill of Rights Act (Act). The allotment amounts are based on the 1998 Budget Request and are contingent upon Congressional appropriations for Fiscal Year 1998. If Congress enacts and the President approves a different appropriation amount, the allotments will be adjusted accordingly.

EFFECTIVE DATE: October 1, 1997.

FOR FURTHER INFORMATION CONTACT:

Joanne Moore, Grants Fiscal Management Specialist, Family Support Branch, Division of Formula, Entitlement, and Block Grants, Office of Program Support, Administration for Children and Families, Department of Health and Human Services, 370 L'Enfant Promenade S.W., Washington, D.C. 20447, Telephone (202) 205–4792.

SUPPLEMENTARY INFORMATION: Section 125(a)(2) of the Act requires that adjustments in the amounts of State allotments may be made not more often than annually and that States are to be notified not less than six (6) months before the beginning of any fiscal year of any adjustments to take effect in that fiscal year. It should be noted that, as required by the Compact of Free Association, Palau's allotment has been adjusted to twenty-five percent of its Fiscal Year 1995 allotment. Also, in relation to the State DDC allotments, the description of service needs were reviewed in the State plans and are consistent with the results obtained from the data elements and projected formula amounts for each State (Section 125(a)(5)).

The Administration on Developmental Disabilities has updated the data elements for issuance of Fiscal Year 1998 allotments for the Developmental Disabilities formula grant programs. The data elements used in the update are:

A. The number of beneficiaries in each State and Territory under the Childhood Disabilities Beneficiary Program, December 1995, are from Table 5.J10 of the "Social Security Bulletin: Annual Statistical Supplement 1996" issued by the Social Security Administration. The numbers for the Northern Mariana Islands and the Republic of Palau, were obtained from the Social Security Administration;

B. State data on Average Per Capita Income, 1991–95, are from Table 4 of the "Survey of Current Business," September 1996, issued by the Bureau of Economic Analysis, U.S. Department of Commerce; comparable data for the Territories also were obtained from that Bureau; and

C. State data on Total Population and Working Population (ages 18–64) as of July 1, 1995, are from the "Estimates of Resident Population of the U.S. by Selected Age Groups and Sex, CB96-88," issued by the Bureau of the Census, U.S. Department of Commerce. Estimates for the Territories are no longer available, therefore, the Territories population data are from the 1990 Census Population Counts. The Territories' working populations were issued in the Bureau of Census report, "General Characteristics Report: 1980," which is the most recent data available from the Bureau.

BILLING CODE 4184-01-P

Food and Drug Administration

[Docket No. 97N-0098]

Agency Information Collection Activities: Proposed Collection; Comment Request; Extension

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on Form FDA 3038, "Interstate Shellfish Dealer's Certificate.'

DATES: Submit written comments on the collection of information by May 20, 1997.

ADDRESSES: Submit written comments on the collection of information to the Dockets Management Branch (HFA-305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1-23, Rockville, MD 20857, All comments should be identified with the docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: Margaret R. Wolff, Office of Information Resources Management (HFA-250), Food and Drug Administration, 5600 Fishers Lane, rm. 16B-19, Rockville,

MD 20857, 301-827-1223

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, FDA is publishing notice of the proposed collection of information listed below.

With respect to the following collection of information, FDA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of FDA's functions, including whether the information will have practical utility; (2) the accuracy of FDA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques. when appropriate, and other forms of information technology.

Interstate Shellfish Dealers Certificate—(OMB Control Number 0910-0021)—Extension

Under 42 U.S.C. 243, FDA is required to cooperate with and aid State and local authorities in the enforcement of their health regulations and is authorized to assist States in the prevention and suppression of communicable diseases. Under this authority, FDA participates with State regulatory agencies, some foreign nations, and the molluscan shellfish industry in the National Shellfish Sanitation Program (NSSP). The NSSP is a voluntary, cooperative program to promote the safety of molluscan shellfish by providing for the classification and patrol of shellfish growing waters and for the inspection and certification of shellfish processors. Each participating State and foreign nation monitors its molluscan shellfish processors and issues certificates for those that meet the State or foreign shellfish control authority's criteria. Each participating State and nation provides a certificate of its certified shellfish processors to FDA on Form FDA 3038, "Interstate Shellfish Dealer's Certificate." FDA uses this information to publish the "Interstate Certified Shellfish Shippers List," a monthly comprehensive listing of all molluscan shellfish processors certified under the cooperative program. If FDA did not collect the information necessary to compile this list, participating States would not be able to identify and keep out shellfish processed by uncertified processors in other States and foreign nations. Consequently, the NSSP would not be able to control the distribution of uncertified and possibly unsafe shellfish in interstate commerce, and its effectiveness would be nullified.

FDA estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Form No.	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
FDA 3038	33	70	2,310	.10	231

There are no capital costs or operating and maintenance costs associated with this collection.

This estimate is based on the numbers of certificates received in 1996.

Dated: March 13, 1997.

Associate Commissioner for Policy Coordination.
