

provides that a manufacturer who sells covered outpatient drugs to eligible (covered) entities must sign a pharmaceutical pricing agreement with the Secretary of HHS in which the manufacturer agrees to charge a price for covered outpatient drugs that will not exceed that amount determined under a statutory formula.

The purpose of this notice is to withdraw the **Federal Register** notice entitled, "Notice Regarding Section 602 of the Veterans Health Care Act of 1992—Rebate Mechanism," published on March 14, 1997. This notice requested comments on the proposal of a rebate process for State AIDS Drug Assistance Programs receiving funds under Title XXVI of the PHS Act.

FOR FURTHER INFORMATION CONTACT: Annette Byrne, R. Ph., Director, Office of Drug Pricing, Bureau of Primary Health Care, Health Resources and Services Administration, 4350 East West Highway, 10th Floor, Bethesda, MD 20814, Phone (301) 594-4353, Fax (301) 594-4982.

SUPPLEMENTARY INFORMATION: HRSA guidance for the section 340B drug program has described only a discount process for accessing 340B pricing. Although this discount system is functioning successfully for most covered entities, some State AIDS Drug Assistance Programs (ADAPs) have drug purchasing systems that have prevented their participation in the 340B drug program. The use of a rebate mechanism (in addition to the discount mechanism) should allow these groups to access 340B pricing.

Because the rebate mechanism is only a part of a larger endeavor by HRSA to develop the 340B drug program in such a manner as to effectively reach all covered entities, the notice outlining the concept of a narrowly-focused rebate mechanism is withdrawn for further internal deliberation.

Dated: March 14, 1997.

Ciro V. Sumaya,
Administrator.
