**Norco Windows, Incorporated  
(Formerly a Division of Trust Joist  
International), Hawkins, Wisconsin and  
Norco/Jeld Wen, Marenisco, Michigan;  
Amended Certification Regarding  
Eligibility To Apply for Worker  
Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on August 28, 1996, applicable to workers of Norco Windows, Incorporated located in Hawkins, Wisconsin. The notice was published in the **Federal Register** on September 25, 1996 (61 FR 50332).

At the request of the State agency and petitioners, the Department reviewed the certification for workers of the subject firm. New findings show that all workers of the subject firm's Marenisco, Michigan wood patio door production facility will be separated from employment when the plant closes on March 15, 1997. The production at the Marenisco plant was dependent on the window products manufactured at Hawkins.

The intent of the Department's certification is to include all workers of Norco who were affected by increased imports. Accordingly, the Department is amending the worker certification to include the workers of Norco-Jeld/Wen located in Marenisco, Michigan.

The amended notice applicable to TA-W-32,531 is hereby issued as follows:

All workers of Norco Windows, Incorporated, (formerly a Division of Trust Joist International), Hawkins, Wisconsin (TA-W-32,531) and Norco-Jeld/Wen, Marenisco, Michigan (TA-W-32,531A) who became totally or partially separated from employment on or after June 19, 1995, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Program Budget Plan (PBP) is the planning instrument for the Unemployment Insurance System Nationwide. The statutory basis for the PBP is Title III, Section 302 of the Social Security Act, which authorizes the Secretary of Labor to provide funds to administer the UI program. Plans are prepared annually since funds for UI

operations are appropriated each year. The Department of Labor's annual budget request for State UI operations contains workload assumptions for which the State must plan in order for the Secretary to carry out his responsibilities under Section 303(a) of the Social Security Act to ensure full payment of unemployment compensation when due. The Department issues financial planning targets based on the budget request. States make plans based on such assumptions and targets via this mechanism.

##### II. Current Actions

DOL proposes to extend the expiration date for this process from September 30, 1997 to September 30, 1999 which will allow the Unemployment Insurance Service in concert with its Federal/State partners to finalize a new State Quality Service Plan. In addition, DOL proposes to modify the current Program Budget Plan to accommodate funding initiatives incorporated in the President's Budget Request. Additional funding has been requested to facilitate State action with regard to Year 2000 automation modifications needed to allow current systems to function and continue payment of Unemployment Insurance compensation using that date. In addition, plans associated with the \$89 Million integrity increase that is included in the President's Budget need to be incorporated into the Program Budget Plan to meet oversight agreements. States may elect to utilize the increase in any or all of 4 specific areas: Field Audit, Benefit Payment Control, Eligibility Review, or Separation Issues.

*Type of Review:* Revision—ET Handbook No. 336 for use through September 30, 1997, under OMB No. 1205-0132.

Specifically, we propose the following:

I. Add a requirement for states to report in Block 12 of the current SF 269 to allow entry of specific Year 2000 Automation Expenditures by the States.

II. Utilize the following Corrective Action Pages from the current PBP to obtain plans for the four integrity areas:

(1) Use the "Field Audits" page for Field Audit Integrity Planning.

(2) Use the "Necessary Corrective Action to Improve the Recovery of Fraud/Non Fraud Benefit Overpayments" page for the Benefit Payment Control Integrity Activity Planning.

(3) Use the "Automation Grants" page for Eligibility Review Program Integrity Planning.

(4) Use the "Nonmonetary Determination Performance for Intrastate Separation Issues" page to capture additional Integrity planning in the area of Initial Claim Separation Issues.

*Agency:* Employment and Training Administration.

*Title:* PBP Handbook.

*OMB Number:* 1205-0132.

*Recordkeeping:* States are required to follow their State laws regarding public record retention.

*Affected Public:* State Employment Security Agencies (SESA's).

*Total Respondents:* 53.

*Frequency:* Annually.

*Total Responses:* 53.

*Average Time Per Response:* 35 hours.

*Estimated Total Burden Hours:* 1855.

*Estimated Total Burden Cost:* \$53,405.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.
