**Loan Information System Records for the DHHS and DHUD Hospital Mortgage Insurance, Guarantee, and Direct Loan Programs (OMB No. 0915-0174)—Extension, No Change**

The Division of Facilities Loans within the Health Resources and Services Administration monitors outstanding direct and guaranteed loans made under Section 621 of Title VI and Section 1601 of Title XVI of the Public

Health Service Act, as well as loans insured under the Section 242 Hospital Mortgage Insurance Program of the Fair Housing Act. These programs were designed to aid construction and modernization of health care facilities by increasing the access of facilities to capital through the assumption of the mortgage credit risk by the Federal Government.

Operating statistics and financial information are collected annually from hospitals with mortgages that are insured under these programs. The information is used to monitor the financial stability of the hospitals to protect the Federal investment in these facilities. The form used for the data collection is the Hospital Facility Data Abstract. No changes in the form are proposed. The estimate of annual burden hours is as follows:

Form	No. of respondents	Responses per respondents	Hours per response	Total hour burden
Hospital Facility Data Abstract .....	250 hospitals .....	1	1	250

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

**Grants for Hospital Construction and Modernization—Federal Right of Recovery and Waiver of Recovery (42 CFR 124, Subpart H) (OMB No. 0915-0099)—Extension, No Change**

The regulation known as "Federal Right of Recovery and Waiver of Recovery" provides a means for the Federal Government to recover grant

funds and a method of calculating interest when a grant-assisted facility under Title VI or XVI is sold or leased, or there is a change in use of the facility. It also allows for a waiver of the right of recovery under certain circumstances. Facilities are required to provide written notice to the Federal Government when such a change occurs, and to provide copies of sales contracts, lease agreements, estimates of current assets and liabilities, value of equipment, expected value of land on the new owner's books and remaining depreciation for all fixed assets involved in the transactions, and other information and documents pertinent to the change of status.

The estimated burden is as follows:

Regulation	Number of respondents	×	Responses per respondent	×	Hours per response	×	Total burden hours
124.704(b) and 707 .....	20		1		3		60

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

**Black Lung Clinic Program Guidelines (42 CFR 55a) (OMB No. 0915-0081) Extension/No Change**

The purpose of the Black Lung Clinics Program (BLCP) is to stimulate and encourage local public and private agencies to improve the health status of coalworkers and to increase coordination with other programs to assist the coalworkers population. The goal of the BLCP is to provide services to minimize the effects of respiratory and pulmonary impairments of coal miners. Grantees provide specific diagnostic and treatment procedures required in the management of problems

associated with black lung disease which improve the functional status, i.e., "quality of life", of the miner and reduce economic costs associated with morbidity and mortality arising from pulmonary diseases.

This request is for approval of the application requirements which are included in the program guidelines and the program regulations (42 CFR 55a.201 and 55a.301). Grantees must submit applications annually for continued grant support. The regulations outline the requirements for grant applications for States (55a.201) and for entities other than States (55a.301). The program guidelines further elaborate on these requirements.

As a result of a routine review of the program regulations for compliance with the new provisions of the Paperwork Reduction Act (PRA) of 1995, it was determined by HRSA and confirmed by OMB that other previously cleared regulatory requirements were not subject to OMB review under the PRA. Those sections of the regulations have been deleted from this request.

The grant application form is cleared under another OMB approval (OMB No. 0937-0189). The burden for completing the application is not reflected in the Black Lung clearance request because the burden is reported in the clearance of the application form.

The current request for clearance includes one hour of burden, to keep the clearance of the program-specific application requirements on the OMB database.

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

**AIDS Education and Training Centers Program: National Program and Service Record Data Reporting Form (OMB No. 0915-0154)—Extension, No Change**

Under section 2692(a) of the Public Health Service Act, information on training programs and training participants is obtained from 15 AIDS Education Training Centers (ETCs) currently operating in health professions schools and academic health science centers. The goal of the AIDS ETC program is to increase the number of health care providers who are effectively educated and motivated to counsel, diagnose, treat and manage individuals with HIV infection and to assist in the prevention of high risk behaviors which may lead to infection. The National Program and Service Record Data Reporting (NPSR) Form is used by ETCs to provide standardized reporting of project activities for Federal program monitoring.
