### GENERAL SERVICES ADMINISTRATION

#### Draft Environmental Impact Statement For The Lease Construction and Consolidation of the Immigration and Naturalization Service (INS) Miami, Dade County, Florida; Notice of Availability

March 19, 1997.

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces the availability of the Final Environmental Impact Statement (FEIS) for the lease construction to consolidate the Immigration and Naturalization (INS).

The DEIS was available for 45-days of public comment that closed on March 10. A public meeting was held in Miami

<sup>1</sup> Copies of the Complaint and the Decision and Order are available from the Commission's Public Reference Branch, H-130, 6th Street and Pennsylvania Avenue, NW., Washington, DC 20580.

on February 12, 1997. The FEIS examined the short and long term impacts on the natural and built environments of developing and operating a consolidated INS facility at 9300-9499 NW 41st Street, Miami, FL 33172. The FEIS also addresses issues that were raised at the public meeting and issues that were expressed in writing during the comment period that closed in March 10, 1997. GSA continued to accept and address comments received until close of business on March 18. Issues addressed included impacts to public facilities & infrastructure, parking, traffic, property values, the community, and neighborhood & economic issues. The FEIS also examined and considered measures to mitigate unavoidable adverse impacts of the proposed action.

GSA's proposed action is to lease a newly constructed building for the INS consolidation on the vacant parcel of land consisting of approximately 7.31 acres at 9300-9499 NW 41st Street, Miami, FL 33172. The proposed facility would consist of an office building containing a total occupiable area of approximately 214,600 square feet, along with supporting site improvements and 885 parking spaces. The subject site fronts for 390 feet along NW 41st Street and spans to the back to Dressels Canal (approximately 1150 feet south from 41st Street at the deepest point). The proposed facility would accommodate the INS by consolidating the District Office, the Asylum Office, and the Executive Office of Immigration Review (EOIR). The Krome Detention Center is a high-security containment facility located in Western Dade county and its location, function, and purpose will be unchanged as a result of the proposed action.

GSA has identified and screened from consideration, over 20 alternatives to the proposed action since 1993. GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, take no action and continue to house the INS at its current locations.
- Lease construction of a consolidated facility of 214,600 occupiable square feet (osf) at the proposed site at 9300-9499 NW 41st Street, Miami, Florida 33172. This is the GSA preferred alternative.

A final 30-day comment period will close on April 28, 1997. Comments on the FEIS should be provided in writing to the address below by close of business on Monday, April 28, 1997. Copies of the FEIS were distributed on Wednesday, March 19. A copy of the FEIS and one copy of all of the public comments are available for inspection at

the Metro-Dade Public Library Fairlawn Branch located at 6869 SW 8th Street, Miami, FL 33144. Mr. Phil Youngberg, Regional Environmental Officer (4PT), General Services Administration (GSA), 401 West Peachtree Street, NW, Suite 3050, Atlanta, GA 30365. FAX: Mr. Phil Youngberg at 404-331-4540. Comments should be received no later than Monday, April 28, 1997. All comments must be in writing.

Dated: March 19, 1997.
