BILLING CODE 6450-01-C

§ 430.62 [Amended]

7. Section 430.62(a)(2) is amended by inserting after "(for refrigerators, refrigerator-freezers, and freezers)," in the first sentence, the following: "the national average annual energy use and adjusted volume (for externally vented refrigerators and refrigerator-freezers)," [FR Doc. 97-8937 Filed 4-7-97; 8:45 am]

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IL 150; FRL-5804-3]

Approval and Promulgation of Implementation Plan; Illinois

AGENCY: U.S. Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: The USEPA is proposing to approve the State Implementation Plan (SIP) revision request submitted by the Illinois Environmental Protection Agency (IEPA) on August 15, 1996. In the August 15 request, IEPA requested that the Marathon Oil Company in Robinson, Illinois be granted a carbon

monoxide variance with specified conditions beginning January 19, 1996, and ending August 4, 1997. In the Final Rules section of this **Federal Register**, USEPA is approving the State's SIP revision as a direct final rule without prior proposal because the agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. USEPA will not institute

a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by May 8, 1997.

ADDRESSES: Copies of the revision request are available for inspection at the following address: U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. (It is recommended that you telephone Ryan Bahr at (312) 353-4366 before visiting the Region 5 Office.)

Written comments should be sent to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Ryan Bahr, at (312) 353-4366.

SUPPLEMENTARY INFORMATION: See the information provided in the Direct Final action of the same title which is located in the Rules and Regulations Section of this **Federal Register**.

Authority: 42 U.S.C. 7401-7671q.

Dated: March 19, 1997.

David A. Ullrich,

Acting Regional Administrator.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 261

[FRL-5807-5]

RIN 2050-AD88

Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Petroleum Refining Process Wastes; and Land Disposal Restrictions for Newly Hazardous Wastes; Notice of Data Availability

AGENCY: Environmental Protection Agency.

ACTION: Notice of data availability and request for comment.

SUMMARY: The Environmental Protection Agency (EPA) is making available for public comment data and information relating to its Notice published in the **Federal Register** on November 20, 1995 (60 FR 57747). That Notice proposed to amend EPA regulations under the Resource Conservation and Recovery Act (RCRA) by designating as hazardous wastes certain petroleum refining waste streams and proposed not to list other petroleum waste streams. The Notice

also proposed to broaden existing RCRA exemptions for recycling of oil-bearing residuals and proposed to apply universal treatment standards under the Land Disposal Restrictions program to the wastes proposed for listing.

Comments submitted by interested members of the public on the proposal have convinced EPA that the rulemaking record could be considerably improved by adding data and subjecting analysis of that data to public comments. Today's document, therefore, presents for public comment modeling analyses using different assumptions than used for the proposal, additional analyses of waste characteristics and disposal practices, and other evaluations of the potential impact of different modeling assumptions on the risk assessment results. This document also corrects a number of technical errors that were contained in the original proposal.

Pursuant to a consent decree in *Environmental Defense Fund (EDF) v. Browner* (Civ. No. 89-0598 D.D.C.), EPA has committed to issuing this Notice of data availability before making the final regulatory determination on whether the subject petroleum refining residuals should be listed as hazardous wastes. The consent decree requires the final rule to be issued by April 30, 1998. The Agency solicits comments on all aspects of the new information sources described in this Notice. All comments on the new information received by the close of the comment period will be considered by the Agency when making a final regulatory determination. Comments will be accepted and considered only on the new data mentioned in today's Notice and specifically identified under the docket number given in this document.

DATES: The Agency is reopening the comment period only for the limited purpose of obtaining information and views on the new data and analyses described in this Notice. Comments on the additional data will be accepted through June 9, 1997. Due to the short deadline for the final rule, EPA does not plan to grant any extensions of the comment period.

ADDRESSES: Commenters must send an original and two copies of their comments referencing docket number F-97-PRA-FFFFF to: RCRA Docket Information Center, Office of Solid Waste (5305G), U.S. Environmental Protection Agency Headquarters (EPA, HQ), 401 M Street, SW, Washington, D.C. 20460. Hand deliveries of comments should be made to the Arlington, VA, address listed below. Comments may also be submitted

electronically by sending electronic mail through the Internet to: rcradocket@epamail.epa.gov. Comments in electronic format should also be identified by the docket number F-97-PRA-FFFFF. All electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. If comments are not submitted electronically, EPA is asking prospective commenters to voluntarily submit one additional copy of their comments on labeled personal computer diskettes in ASCII (TEXT) format or a word processing format that can be converted to ASCII (TEXT). It is essential to specify on the disk label the word processing software and version/edition as well as the commenter's name. This will allow EPA to convert the comments into one of the word processing formats utilized by the Agency. Please use mailing envelopes designed to physically protect the submitted diskettes. EPA emphasizes that submission of comments on diskettes is not mandatory, nor will it result in any advantage or disadvantage to any commenter.

Commenters should not submit electronically any confidential business information (CBI). An original and two copies of CBI must be submitted under separate cover to: RCRA CBI Document Control Officer, Office of Solid Waste (5305W), U.S. EPA, 401 M Street, SW, Washington, D.C. 20460.

Public comments and supporting materials are available for viewing in the RCRA Information Center (RIC), located at Crystal Gateway I, First Floor, 1235 Jefferson Davis Highway, Arlington, VA. The RIC is open from 9 a.m. to 4 p.m., Monday through Friday, excluding federal holidays. To review docket materials, it is recommended that the public make an appointment by calling (703) 603-9230. The public may copy a maximum of 100 pages from any regulatory docket at no charge. Additional copies cost \$0.15/page. For information on accessing paper and/or electronic copies of the document, see the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: For general information, contact the RCRA Hotline at (800) 424-9346 or TDD (800) 553-7672 (hearing impaired). In the Washington, D.C., metropolitan area, call (703) 412-9810 or TDD (703) 412-3323. For information on specific aspects of the report, contact Maximo Diaz, Jr. or Robert Kayser, Office of Solid Waste (5304W), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, D.C. 20460.
