The review covered three manufacturers/exporters of the subject merchandise to the United States and the period June 1, 1994 through May 31, 1995. Based on the correction of a ministerial error made in those final results for one manufacturer/exporter, we are publishing this amendment to the final results in accordance with 19 CFR 353.28(c).

**EFFECTIVE DATE:** January 13, 1997.

**Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Tariff Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 1, 1995 (60 FR 25130).

**SUPPLEMENTARY INFORMATION:**

**Background**

On November 14, 1996 (61 FR 58374), the Department published the final results of review and notice of revocation in part of the antidumping duty order on PET film from the Republic of Korea (56 FR 25669, June 5, 1991). On November 20, 1996, we received a timely allegation from STC Corporation (STC) that the Department made a ministerial error in its final results.

STC contended that in its margin calculations the Department incorrectly matched U.S. sales to constructed value rather than to identical sales within the contemporaneous 90/60 day period. We agree with STC that we made this ministerial error, and have corrected that ministerial error in these amended results.

**Amended Final Results of Review**

As a result of our correction of a ministerial error, we have determined the margin to be:

Company	Margin (Percent)
STC .....	1.68

The Customs Service shall assess antidumping duties on all appropriate entries. Individual differences between U.S. Price and Normal Value may vary from the percentages stated above. The Department will issue appraisal instructions concerning each respondent directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date of these amended final results of administrative review, as provided for by section 751(a)(1) of the Tariff Act: (1) The cash deposit rate for STC will be the rate indicated above, (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or in the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 4.82 percent, the all-others rate established in the LTFV investigation.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as the final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

and the terms of the APO is a sanctionable violation.

These amended final results of administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.28(c).

Dated: January 7, 1997.
