

Housing and Community Development Act of 1992 (Pub. L. 102-550, approved October 28, 1992). The program is governed by the HOPWA Final Rule, 24 CFR Part 574, as amended, and the Consolidated Submissions for Community Planning and Development Programs, Final Rule, 24 CFR Part 91, as amended. This paper work submission extends the current collection of information that is used by the Department in conducting an annual competition to award program funds and in reviewing grant performance reported in annual progress reports. The information collected is essential in order to implement statutory requirements.

The Housing Opportunities for Persons with AIDS (HOPWA) program provides housing assistance and supportive services for low-income persons with HIV/AIDS and their families. Ten percent of the

appropriated funds are awarded by competition as grants under two categories of assistance as: (1) Special Projects of National Significance (SPNS) which, due to their innovation nature or their potential for replication, are likely to serve as effective models in addressing the needs of eligible persons; Applications for this category can be submitted by States, local governments and non-profit organizations; and (2) Projects which are part of Long-term Comprehensive Strategies for providing housing and services for eligible persons in non-formula areas. Applications for this category can be submitted by States and local governments to undertake activities in areas that did not qualify for formula allocations during the fiscal year. Funds may be used over a three year operating period. Grantees report to the Department on an annual basis on program accomplishments in annual progress reports.
