National Cancer Institute; Notice of Meeting President's Cancer Panel

Pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the President's Cancer Panel.

This meeting will be open to the public as indicated below, with attendance by the public limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below.

Linda Quick-Cameron, Committee Management Officer, National Cancer Institute, Executive Plaza North, Room 630E, 6130 Executive Blvd., MSC 7410, Bethesda, MD 20892-7410 (301/496-5708) will provide a summary of the meeting and the roster of committee members upon request. Other information pertaining to the meeting may be obtained from the contact person indicated below.

Committee Name: President's Cancer Panel.

Date: May 22, 1997.

Place: Comprehensive Cancer Center, University of Michigan, 102 Observatory, Ann Arbor, Michigan 48109-0724.

Time: 8:30 a.m. to 5:30 p.m.

Agenda: Concerns of Special Populations in the National Cancer Program: Cancer and the Aging Population.

Contact Person: Maureen O. Wilson, Ph.D., Executive Secretary, National Cancer Institute, Building 31, Room 4A48, Bethesda, MD 20892-2473, Telephone: (301) 496-1148.

Dated: April 11, 1997.

National Institute of Mental Health; Request for Public Commentary to National Advisory Mental Health Council Workgroup on Mental Disorders Prevention Research

Notice is hereby given that the National Advisory Mental Health Council (NAMHC) Workgroup on Mental Disorders Prevention Research (the Workgroup) is seeking public testimony from individuals and organizations regarding critical issues germane to research on the prevention of mental disorders. That testimony will be used by members of the Workgroup, an ad hoc group of consultants to the NAMHC, as they develop recommendations to that advisory body and ultimately the Director of NIMH. Their recommendations will identify important research opportunities and suggest proprieties for developing the future NIMH prevention research portfolio.

All testimony must be faxed to Ann Rosenfeld (301-443-2578), the Workgroup's Executive Secretary, no later than 5:00 p.m. (EST) on April 30, 1997. Testimony must be typed, and should not exceed three pages. An additional page should contain the name, address, and phone number of the individual or sponsoring organization submitting the statement, as well as a paragraph describing the sponsoring organization (if any).

Dated: April 11, 1997.

LaVerne Y. Stringfield,

Committee Management Officer, NIH.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4124-N-34]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: April 18, 1997.

FOR FURTHER INFORMATION CONTACT:

Mark Johnston, Department of Housing and Urban Development, Room 7256, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TDD number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: April 10, 1997.

Jacque M. Lawing,

General Deputy Assistant Secretary.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection Request Submitted for Reinstatement Approval

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice announces that the Fish and Wildlife Service (Service) has submitted a proposal for the collection of information described below to the Office of Management and Budget (OMB) for reinstatement approval under the provisions of the Paperwork Reduction Act of 1995. Copies of the information collection requirement, related forms, and explanatory material may be obtained by containing the Service's Information Collection Clearance Officer at the phone number listed below. The Service is soliciting comments and suggestions on the requirements as described below. **DATES:** Comments should be submitted on or before May 19, 1997.

ADDRESSES: Comments should be sent to the Office of Information and Regulatory Affairs; Office of Management and Budget; Attention: Desk Officer for the Department of the Interior; Washington, DC 20240; and a copy of the comments should be sent to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service (MS 224 ARL SQ), 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Phyllis H. Cook, Information Collection Clearance Officer, 703/358-1943; 703/358-2269 (fax).

SUPPLEMENTARY INFORMATION: On January 26, 1996, the Service published in the **Federal Register** (61 FR 2470), a proposed rule which amended the test protocol for nontoxic shot approval procedures for shot and shot coatings. The principal purpose of this proposed rule making is to update and amend the current nontoxic shot approval procedures by establishing a 3-tiered approval process. Shot approval will be considered at each tier with the testing procedures becoming more demanding. An environmentally benign shot could be granted approval at the first tier. This process is designed to include both candidate shot and shot coating.

Comments were not solicited on the information collection requirements contained in the proposed rule cited above. The Service is now soliciting comments on the proposed information collection requirements prior to the issuance of the final rule amending the nontoxic shot approval procedures. The public is invited to comment on: (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility (2) the accuracy of the agency's estimate of the burden of the collection of information; (3) ways to enhance the quality, utility and clarity of the information to be collected; and, (4) ways to minimize the burden of the collection of information on respondents on the requirements as outlined below.

Title: Text Protocol for Nontoxic Approval Procedures for Shot and Shot Coatings.

OMB Approval Number: 1018-0067.

Description and Use: As of January 1991, lead shot was banned for hunting waterfowl and coots in the United States. Steel shot was the only nontoxic alternative available. Since then, the Service has encouraged manufacturers to develop other alternatives that the hunting public may use. In approving a candidate material as nontoxic for hunting waterfowl and coots, the

Service must first ensure that the secondary exposure (ingestion of spent shot or its components) are not a hazard to migratory birds and the environment. In order to make this decision, the Service requires that applicant to submit information collected about the toxicity of their candidate material to migratory birds and the environment. This data provides the bulk of the application.

The information from scientific literature, risk assessment analysis, and toxicity studies, will be gathered and packaged by the applicant (company producing and/or marketing the shot or shot coating). The Service will utilize the information about the candidate material to approve or deny a designation as nontoxic for hunting waterfowl and coots.

Frequency of collection: On occasion.

Description of respondents: Business or other for-profit; not-for-profit institutions.

Estimated completion time: The Service estimates it will take 3,200 hours for an applicant to submit the requested information.

Annual responses: 1.

Annual burden hours: 3,200.

Dated: March 21, 1997.

Carolyn A. Bohan,

Assistant Director, Refuges and Wildlife.

BILLING CODE 4310-55-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Coastal Barrier Improvement Act of 1990 (Pub. L. 101-591); Technical Corrections to the Coastal Barrier Resources System

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The Department of the Interior, through the Fish and Wildlife Service, has completed modifications to the boundaries of two units of the Coastal Barrier Resources System (System), one in New York (NY-59P) and one in South Carolina (SC-01), as required by Public Law 104-148 and Public Law 104-265, respectively. The purpose of this notice is to inform the public about the filing, distribution, and availability of maps reflecting these modifications.

DATES: The boundary revision for Unit NY-59P became effective on May 24, 1996; the boundary revision for Unit SC-01 became effective on October 9, 1996.

ADDRESSES: Copies of the revised maps for the two System units are available for purchase from the U.S. Geological Survey, Earth Science Information Center, P.O. Box 25286, Denver, Colorado 80225. Official maps can be viewed at the Fish and Wildlife Service offices listed in the appendix.

FOR FURTHER INFORMATION:

Contact Ms. Denise Henne, Department of the Interior, U.S. Fish and Wildlife Service, Division of Habitat Conservation, (703) 358-2201.

SUPPLEMENTARY INFORMATION: Section 2 of Public Law 104-148 requires the Department to modify the maps of the System to move the eastern boundary of the excluded area of the Fire Island Unit NY-59P (covering Ocean Beach, Seaview, Ocean Bay Park, and part of Point O' Woods) to the western boundary of the Sunken Forest Preserve. This law further directs the Department to ensure that the depiction of "otherwise protected areas" does not include any area owned by the Point O' Woods Association, a privately held corporation under the laws of the State of New York.

Section 201 of Public Law 104-265 requires the Department of the Interior to modify the maps of the Coastal Barrier Resources System to move the southernmost boundary of the Long Pond Unit SC-01 to exclude from the unit structures known as "Lands End," "Beachwalk," and "Courtyard Villas" and extend the boundary in a straight line between the coast and north boundary of the unit at the break in development.

Copies of the revised System maps have been filed with the House of Representatives Committee on Resources and the Committee on Banking and Financial Services, and the Senate Committee on Environment and Public Works. Copies of these maps have been distributed to the Chief Executive Officer (or representative) of each appropriate Federal, State, or local agency having jurisdiction over the areas in which the modified units are located. Copies of the maps are also available for inspection at Service headquarters, regional, and field offices (see addresses in appendix).

Dated: April 10, 1997.

John G. Rogers,

Acting Director, U.S. Fish and Wildlife Service, U.S. Department of the Interior.
